KNOWLAND LEAD IN STATE COUNT IS NEAR 40,000 MARK

SAN FRANCISCO, August 28.—The partial state returns tabulated up to 2 o'clock this afternoon give Knowland 38,126 over Shortridge for the Republican nomination of United States Senator.

John D. Fredericks, Republican nominee for Governor, has increased his lead over Francis V. Keesling, second in the race, to more than 36,000, according to primary returns from over the State.

This is the figure from 2624 precincts, complete, scattered throughout the State. There are still 1839 precincts to be heard from.

Los Angeles county, one of the strongholds of the State, lags farther behind than any other in returns completed. That county is still short 372 precincts out of 763. San Francisco, where unofficial count was stopped yesterday and the official began, has tallied 274 precincts, leaving 129 missing.

TWO PRECINCTS MISSING.

Alameda county is shy two precincts, Fresno county, Shasta, Sacramento and Tulare one. Seven counties have not been heard from at all: Alpine, Contra Costa, Imperial, Modoc, San Diego, Sierra and Siskiyou.

The Alameda county board of supervisors has begun its official count of the primary returns. With John B. Cutting reported today to be leading Fred Hall for the Democratic nomination for governor, it is apparent that the fight in that party is still undetermined. Returns from San Diego, Contra Costa, Siskiyou and Los Angeles alone would be sufficient to reverse the standing of candidates for the governorship in his position of primacy. But that is all conjectural.

At Hall's headquarters this afternoon it was announced that he was leading Curtis by 1518 votes, the state figures, with nine counties missing, it was given out, being as follows: Hall 22,108; Curtis 20,590.

As the situation now stands these things appear to be established:

Fredericks and Knowland lead the Republican ticket among the contested offices. Eschleman, on the Republican nomination for lieutenant-governor. He polled 65,491. He was a minority nominee, for there was cast for four other aspirants a total of 91,771. This summary is of course computed on the 2624 precincts heard from in the state. This disparity will probably increase as the missing vote is reported.

JORDAN A WINNER.

Jordan won the nomination for secretary of state with nearly 100,000 votes, against fewer than 40,000 for O'Brien, the Progressive. Murphy has apparently defeated O'Brien for the Progressive nomination by 2000 votes. Jordan wins the Democratic nomination. So in November Jordan, Republican-Democratic nominee, will oppose Murphy, Progressive.

F. W. Richardson of Berkeley has undoubtedly won all three nominations for state treasurer. Yesterday's returns gave three nominations to Webb for attorney-general; Chambers for controller; Kingsbury for supervisor-general, and John Mitchell for state board of equalization. Later returns show Frank E. Wright contesting the Republican nomination warily with Kingsbury, and the outcome again in doubt. Los Angeles county may determine this contest.

CHAMBERS ON BALLOT.

Chambers in the Republican list is that of John S. Chambers, running for three nominations for controller. Yesterday it was announced he had obtained them. Today he remains certain of the Progressive and Democratic, but also certain of a place on the ballot, but James E. (Continued on Page 4, Cols 3-4)

RUSHES AT KISSER OF WIFE

Hearing of Charges by
Mrs. Cordray Goads
Husband

BERKELEY, Aug. 28.—Goaded to madness by hearing another man tell how he had kissed Mrs. Ida Cordray, Arthur Cordray, her husband, leaped from his seat in Judge Edgar's courtroom this morning, rushed madly across the courtroom and attempted to seize Fred E. Cockrell, the defendant, being prevented only by the interference of Judge Edgar and the court bailiffs. Meanwhile Mrs. Cordray, rising in her seat hysterically shouted imprecations at the cowering defendant. The attempted assault came as the climax of a strenuous half hour of the hearing of the charge brought by Mrs. Cordray, a 40-year-old telephone operator, against Cockrell, formerly solicitor for a local bank. "She leaped up close to me," recounted Cockrell, "and I put my arm about her and took the kiss that days before she had promised me."

At this point, Cordray, the husband, who, with clenched hands and quivering body, had listened in forced calm to the defendant's scolding of his wife, made his rush past the attorney's desk at the defendant. The whole courtroom was on its feet with the exception of Judge Edgar, behind whose chair the defendant ran.

SEIZED BY BAILIFF.

Bailiff Eaton rushed about the table and seized Cordray at the same time as several of the spectators, leading him back to his seat. At the direction of the court, Cordray was searched by the bailiff for a weapon, but was found to be unarmed. At Cockrell's first mention of kissing Mrs. Cordray, in tears, leaped to her feet, crying bitterly: "Oh, you liar, you liar; how can you sit up there and lie away my reputation in such a manner?"

The rest of her cries were incoherent and she was finally quieted by her father and mother and friends who were with her. The hearing was summarily adjourned until tomorrow morning, when, by stipulation, it will be again adjourned for a month. Heim Goldman appeared as counsel.

German Officer Kills Two Red Cross Nurses

WASHINGTON, Aug. 28.—France has submitted to the United States and other neutral governments a sworn statement that after an engagement at Moncel, a German officer fired on three Red Cross nurses, killing two and wounding the third.

Marcelle Jouy, a nurse, who was wounded, swore that after the battle on August 15 she was attending the wounded with two other nurses, when a German officer opened fire on them.

HON. JOSEPH R. KNOWLAND, the next United States Senator from California. Mr. Knowland's majority over Shortridge for the Republican nomination will be nearly 50,000 in the complete count.

British Land With Quick- Firing Guns and Control Belgian City

By Associated Press.

LONDON, Aug. 28, 6:05 a. m.—British marines in force are now in control of Ostend, says a dispatch from the last-named place to the Times. They continued landing all day yesterday and several quick-firers were brought ashore. The work of disembarkation is proceeding with precision.

The British officers assert they have not landed sooner because of objections by the local authorities who held a meeting in the town hall, where several prominent local officials objected to the British landing on the ground that it would frighten the hotel visitors.

The fighting Tuesday at Snoodkotte changed the minds of these objectors and the city fathers asked the British government to send marines.

LOSSES HEAVY.

LONDON, Aug. 28, 12:45 p. m.—Premier Asquith announced in the House of Commons today that the British troops in Wednesday's fighting were exposed to the attack of five German army corps. The losses on our troops were exposed to the attack of five German army corps: two divisions of cavalry and a reserve corps of cavalry and a second cavalry division.

"Our second corps in the fourth division bore the brunt of the cavalry attack, while our first army corps was attacked on the right and inflicted heavy casualties on the German troops. I regret to say that our casualties were heavy, but the exact numbers are not yet known. The behavior of our troops was in all respects admirable. General Joffre, the French commander-in-chief, in a message published this morning, conveys his congratulations and sincere thanks for the protection so effectively given by our army to the French flank."

WESTERN ARMIES OF ENEMY ARE REPORTED EVERYWHERE BEATEN

By Associated Press.

LONDON, Aug. 28.—It is announced that the British fleet has sunk two German cruisers and two German torpedo boat destroyers off Heligoland. A third cruiser was set afire and was left sinking.

No British ships were lost and the British loss of life was not heavy.

By Associated Press.

LONDON, Aug. 28, 7:30 p. m.—The Belgian Foreign Minister reports that the Belgian city of Lovain in the province of Brabant has been burned by the Germans.

Austria Declares War on Belgium

By Associated Press.

LONDON, Aug. 28, 4:15 p. m.—A dispatch to the Exchange Telegraph Company from Rome says that a dispatch received there from Vienna states that Austria has declared war on Belgium. The American Minister in Belgium has been asked to take charge of Austrian interests there.

Allies in Retreat Before Germans

By Associated Press.

BERLIN, Aug. 28 (by wireless to the Associated Press via Sayville, L. I., Aug. 28, 7:46 a. m.)—Headquarters has issued an official report that the western enemy has everywhere been defeated and is in full retreat after nine days' fighting.

General von Kluk defeated the English army at Maubeuge. Generals von Buelow and von Hausen completely defeated the Franco-Belgian forces—about eight corps—between Sambre and Namur and the Meuse, after several days' battle, and are now pursuing them eastward of Maubeuge.

RUSSIANS TO MARCH ON BERLIN

Other Armies of Czar to
Invade Western
Prussia

By Associated Press.

PARIS, Aug. 28, 7:50 a. m.—Colonel Osnobichin, Russian military attaché here, is quoted by the Journal as having remarked in an interview that he could say without indiscretion that other armies were about to invade Western Prussia. After crossing the Vistula, he said, the Russians would march straight to Berlin.

KAISER ASKS BLOOD SACRIFICE.

By Associated Press.

LONDON, Aug. 28, 5:50 p. m.—A Berlin dispatch sent by the Wolff Bureau and reaching here by way of Rotterdam says that Emperor William has directed the following telegram to his ministry:

"Main headquarters, Aug. 27.—The trials to which my royal province of East Prussia is subjected me with the greatest compassion, but I know the courage of my East Prussians too well not to know that they are evidently ready to throw themselves on the altar of the Fatherland and will readily give their blood and life for the Fatherland."

The attack on Maubeuge was opened by the Grand Duke Albrecht of Wuertemberg, who defeated and pursued the enemy across the Semois and the Meuse.

The German Crown Prince is advancing towards the Meuse and the Crown Prince of Bavaria repulsed an attack from Nancy and the south.

General Von Heeringen continues by the pursuit southward through the Vosges.

Four Belgian divisions attacking Tuesday and Wednesday from Antwerp have been repulsed, losing guns and many prisoners. The Belgian population generally participated in the fighting, necessitating severe repressive measures. The corps of the last reservists have been called out to guard communications.

GERMANS FIGHT ENTIRE LINE.

By Associated Press.

ROTTERDAM, Aug. 28, via London, 5:55 p. m.—Absolutely no news of any sort regarding military operations between Germany and the forces of the allies has been permitted to come from Germany to Rotterdam during the last two days.

It is known, however, that military operations on a tremendous scale are in progress and it is understood that the Germans are throwing themselves against the entire line of the allies with unprecedented fury.

FATE OF PARIS IN BALANCE.

By Associated Press.

LONDON, Aug. 28, 5 p. m.—No news reached London today concerning the trend of events on any part of the battle line where fighting is in progress. Interest here is intense, for it is felt that the engagements now going on must have a great influence on the fate of Paris. Silence also veils the progress of events in East Prussia and Galicia.

PLAN DEFENSE OF PARIS.

By Associated Press.

LONDON, Aug. 28, 8:30 a. m.—A Times special from Paris declares that Alexandre Millerand, minister of war, discussed last night with the cabinet plans for the defense of the entrenched camp of Paris.

NAMUR FORTS HOLD OUT.

army, who arrived in Paris this morning from Namur, declare that the forts at Namur are still holding out, and that they are not even ready to surrender.

AUSTRIAN DESTROYER SUNK.

LONDON, Aug. 28, 12:36 p. m.—A Central News dispatch from Brindisi, Italy, says that a British destroyer sank an Austrian destroyer off Corfu after a ten-minute fight.

The official bureau says that Earl Kitchener has received a telegram from the necessity of giving full details of the casualties as soon as possible. He hopes to telegraph some of them immediately. It has been impossible to send them up to the present.

EXULTATION IN BERLIN.

BERLIN, by wireless to the Associated Press, via Saville, L. I., Aug. 28.—It is difficult to describe the fierce exultation of all classes in Berlin over the news of the British reverses at Maubeuge, as announced today officially from army headquarters. German resentment against England for having "injected herself into this conflict" and calling in Japan, a yellow race, is as deep that news of the surrender of the British army on the continent would be received with more joy and satisfaction in Berlin than tidings of the fall of Paris.

It is reported here today that a portion of the British force is at present shut up in Maubeuge. The Berlin populace, inspired by the announcement from military headquarters that the "iron ring" is making its way around the French, English and Belgian forces from Cambrai to the Vosges, exhibits little concern regarding the situation on the eastern frontier of Germany. It has full confidence that the task on the west line will be speedily finished and that the victorious German armies will then make sharp work of clearing German soil of the Russians.

A correspondent of the Berlin Tageblatt reports that Louvain, in Belgium, bitterly punished for the uprising of its civilian population, has almost ceased to exist.

ABANDON DEFENSE.

LONDON, Aug. 28, 4:50 a. m.—The Times' military correspondent, in discussing the situation on the French frontier, says:

"The news that the allies have retired to the line from Locateau to Cambrai shows that active defense of the line from Lille to Maubeuge has been abandoned and that these two fortresses have been left temporarily to look after themselves. The necessity for holding the interval between the Scheldt and Cambrai and the Sambre near Locateau is probably due to the need for holding Mesures. Once this point goes, or the Meuse between Mezieres and Verdun is penetrated by the invaders, the whole system of frontier defense of eastern France breaks down, and if the field armies are inferior to the enemy, nothing remains but retreat.

"If the line there is skillfully defended it should be most difficult to penetrate Laferre, Laon and Rheims, which are provided with

WAR DEVELOPMENTS OF DAY SUMMARIZED

By Associated Press.

A serious reverse to British arms on the French frontier is officially announced in Berlin.

After nine days' fighting, the Germans claim to have put the western line of the allies to flight.

The English, it is asserted, were defeated at Maubeuge, France, and the Franco-Belgian forces driven back toward Maubeuge.

Belgian attacks from Nancy and Antwerp were repulsed, it is declared.

Field Marshal Sir John French, commander-in-chief of the British expeditionary force, reports that his troops were attacked by five German army corps and cavalry Wednesday.

German troops are reported as

Leateau, and that their casualties were heavy. He does not state the outcome of the battle. Cambrai and Locateau are French towns about ten miles southwest of Maubeuge and the description of the scene of the fighting reported by Field Marshal French and announced in the House of Commons by Premier Asquith today fits in with the battle line indicated in Berlin.

In English correspondence at Lille, France, says that the advance guards of the Germans are now at Pont A Congo.

The Russian military attaché at Paris is credited with the statement that additional Russian armies are about to invade western Prussia, with the intention of marching on Berlin.

Henry S. Breckinridge, American ambassador at Vienna, is in Vienna looking after some 400 Americans there. He expects to conclude his work at the Austrian capital today and proceed to Switzerland.

AMBASSADOR DEFENDS DROPPING OF BOMBS

By Associated Press.

WASHINGTON, Aug. 28.—Count von Bernstorff, the German ambassador, conferred with Secretary Bryan today on the censorship at German-owned wireless stations. Secretary Bryan said afterward that the question still was unsettled.

Fighting on the Russian border, the ambassador said, had been merely clashes of outposts. The country is open and unfortified, he explained, and the towns reported captured are undefended and unimportant points. No Russian dispatches, the count declared, had mentioned engagements with more than one of the Russian army corps.

In defense of the action of the Zeppelin airship in dropping bombs into Antwerp, Count von Bernstorff declared that in Germany the presence of women and children in a fortress such as the city of Antwerp was not permitted.

Attack on a fortress in modern warfare, he pointed out, may be carried on from the air as well as from the siege guns.

The ambassador said he would not discuss the future and did not take up the diplomatic side of the European struggle. Before he entered the diplomatic ante-room he inquired of a messenger if other diplomats were present. The messenger answered that the minister from Santa Domingo was waiting.

"Well, we are not at war with him," the ambassador remarked, "I can go in."

in some of the forts and more was sent for, but the town fell at midnight Sunday before it arrived. The Belgian soldiers made a splendid rearmament, which was carried by the French troops.

BREAK THROUGH FRENCH LINE.
By Associated Press.
LONDON, Aug. 28, 4:30 a. m.—A dispatch to the Express from Lille announces that the advance guard of Germans is now at Pont-a-Marque and Marchiennes.

"These reports," says the Lille correspondent, "indicate a slight further advance movement from Cynoy, where they were reported on Monday."

There was heavy fighting at Marchiennes Thursday morning when the Germans broke through the French line. The allies acquitted themselves well, however, and succeeded in pushing the German advance forces back on their main body. The German advance forces were also repulsed at Pont-a-Marque.

There was also fighting at Tournai, where the Germans were repulsed. It is believed here that the Germans have occupied Valenciennes, but the British are reported to have driven back the enemy near Mons.

"There is nothing to indicate that the allies are from Mons to Louve has been seriously turned."

"French industrial centers, such as Poulx and Tournai, are frequently visited by German cavalry and are occupied and evacuated every day."

COLD STEEL PITILESS.
By Associated Press.
PARIS, Aug. 28, 6:35 a. m.—To the Matin's correspondent at Charleroi, France, a colonial infantryman, wounded at Charleroi, related his experiences in the battle.

"We marched with our African comrades against the Prussian guard," he said, "and advanced in bounds and bullets humming us in every bit of cover we could find."

"I couldn't say how long the action lasted. All I remember is that we fired our last shot within 50 yards of the enemy. Then it was the pitiless thrust of cold steel. It would have been a victory, for, however injured and steady, are the troops who fight against, there are no soldiers in the world able to resist the Turkish bayonet charge."

"My regiment's effort, alas, was broken by quick-firers skillfully hidden in the ruins of an old factory. We were obliged to fall back and we suffered heavily, but we have the consolation of saying we made enormous gains in the Kaiser's crack regiments."

All the wounded at Charleroi agree that while the German rifle shooting was poor they used the quick-firer with great intelligence and skill. However, they are easily unmasked and the French 75-millimeter gun puts them out of action two minutes after they are located.

**France Disapproves
Buying German Ships**
By Associated Press.
WASHINGTON, Aug. 28.—French disapproval of some parts of the American plan to establish a fleet of government merchant ships by the purchase of foreign vessels, was before administration officials today. It was said that France would regard with disfavor the American purchase of German-owned ships, contending that a tremendous amount of money would become available for Germany through the sale of vessels tied up in neutral ports.

By Associated Press.
WASHINGTON, Aug. 28.—Unofficial advice to the Swiss Legation today

Switzerland citizen guards have been organized for the protection of property while boy scouts and school children were volunteering for the harvesting of the crops.

Antennae on all the Swiss wireless stations were cut down after the outbreak of war for the double purpose of preserving neutrality and for national defense.

AMERICANS TO BE AIDED AT VIENNA
Assistant Secretary of War Reaches Austrian Capital With Funds.

By Associated Press.
ROME, Aug. 27, via Paris Aug. 28, 7:05 a. m.—Advices from Vienna report that Henry S. Breckinridge, assistant secretary of war at Washington, arrived from Berlin Wednesday and began the work of aiding needy Americans. It is estimated there are between 400 and 500 Americans in Vienna. There is a much larger number in Budapest, where Captain Cross already has gone with \$1000 in gold.

According to the latest information, the total number of Americans now in Austria is about 1000.

Accelerated train service is now running between Vienna and Berlin.

STRANDED REFUGEES DEPART.
By Associated Press.
LONDON, Aug. 28.—The American Embassy has received a dispatch from American Ambassador Gerard at Berlin by way of Copenhagen stating that a special train would arrive at Flushing today bringing 500 American refugees from Germany. These passengers had been

by the embassy.

Another dispatch from Bergen, Norway, says that a number of Americans have arrived there from Russia.

They report that very few of their countrymen are left in Russia. Nine hundred Americans left on a special train from Geneva this morning. The train is due in Paris some time today. This special was arranged by the American minister to Switzerland.

TO SEND RELIEF SHIP.
By Associated Press.
NEW YORK, Aug. 28.—The relief ship to be sent to Europe by the Red Cross will sail on September 5. It was announced last night by Mrs. William K. Draper, secretary of the New York Chapter of the society. It was not known what ship will be taken.

"The ship will carry thirty surgeons and one hundred and twenty nurses, everyone of them American born," said Mrs. Draper. "The nurses are all women who have had plenty of service."

Mrs. Draper added that the ship would touch first at an English port, where a detachment would be left, then proceed to a French port to land another detachment, later going to Rotterdam, where nurses for Belgium and Russia are to be put ashore.

Plan Football Brigade for Kitchener's Army
By Associated Press.
LONDON, Aug. 28.—The incorporation of a brigade of football players into Lord Kitchener's new army is the latest proposal to be made in England. Both the war office and the football association have received it with considerable enthusiasm.

The football association has a membership of 7000 trained athletes who, it is suggested, might be better employed in charging the Germans on the battlefield than in charging each other on the football field. The council of the association is to hold a meeting on Monday to decide if these 7000 men shall be released from their present engagements and the football fields turned into drill grounds.

GERMANS INVADE BELGIAN CONGO
Dispatch to Paris Reports Big Attack by Kaiser's Troops.

By Associated Press.
PARIS, Aug. 28, 12:40 p. m.—A dispatch to the Havas Agency from Libreville, in the French Congo, says that the Belgian Congo has been attacked by German troops. The Belgian administration, in accord with Great Britain, has taken defensive measures and has informed the French government of its action.

The Belgian Congo lies in the center of Africa. It is separated from Kamerun, the German colony of Western Equatorial Africa, by the French Congo.

The Belgian Congo is estimated at over 900,000 square miles. The native population is given at 15,000,000. The entire European population in 1912 numbered 54,500. Of these 3307 were Belgians. The colony possesses a force of native troops, numbering 18,000 men.

French Congo, or French Equatorial Africa, is west of the Belgian Congo. It has an area of 600,000 square miles and a native population estimated at nine million. The principal cities are Libreville and Brazzaville with a total French population of about 700. The military force

tains of native infantry and one squadron of irregular cavalry.

Kamerun adjoins British Nigeria on the northwest. It has an area of 181,000 square miles and a native population of 1,500,000. In 1912 there were 1871 white residents, of whom 1543 were Germans. The military force is given as 200 Germans and 1500 native troops.

ALLIES REPULSED

DRIVEN BEHIND
FORTRESSES'
LINENo Longer Any Serious
Obstacle to German
Advance.

By Associated Press.
LONDON, Aug. 28.—The Chronicle, commenting today on "the war's progress," says:

"Since the great disaster which befell the allies in Belgium a silence deeper than that of the grave has reigned over the front."

"From a message sent out twenty-four hours ago by the French embassy, showing fighting on the line between Cambrai and Le Mans, it is apparent that the French have been driven back past their line of frontier fortresses to a point twenty miles behind that line."

"There is no longer any serious fortified obstacle between the German advance and Paris. Under the circumstances it is not surprising that the French ministry has resigned and reconstituted itself as a committee of public safety."

"Meanwhile, as if a sleep of Paris was now looming foremost in their minds, their first step has been to appoint a general in supreme command of Paris and its troops."

DEFENSE OF PARIS.

A Times special from Paris declares that Alexandre Millerand, Minister of War, discussed with the cabinet last night plans for the defense of the entrenched camp of Paris.

Writing to the Mail on August 24, a copy of which paper has just reached London, Senator Carvais, representing the Seine district, attributes the French disaster in Lorraine to the cowardice of a division of fifteen army corps. They fled before the army, he writes, and compelled a retreat all along the line, thus losing the fruits of carefully prepared strategy and nullifying the French advance beyond the Sambre river on Delme and Chateau Salins.

BREAK FRENCH LINES.

A dispatch to the Times from Boulogne says it is asserted that German troops, presumably cavalry, broke through the French lines near Arras in the province of Flanders. The French moved up with rapidity, it is declared, and the situation will be in hand.

The dispatch says that the allied troops are being swiftly arranged to deal with any further attempt to break through the line between Dunkirk and Lille.

WAR NEWS IN BRIEF

By Associated Press.
LONDON, Aug. 28, 1:15 p. m.—Five members of the crew of a Scotch fishing craft which was sunk by a floating mine thirty miles off Blythe, Northumberland, were landed at Hull today.

By Associated Press.
LONDON, Aug. 28.—A Boulogne dispatch to the Standard says that the town of Tournai, capital of the department of Hainaut, Belgium, occupied by the Germans, was compelled to pay an indemnity of \$400,000 within an hour, the burgomaster being held as a hostage until the money was paid.

By Associated Press.
TOKIO, Aug. 28.—The Japanese ambassador to Austria has been ordered to withdraw to Rome. The Austrian troops in China number only eight. Whether these, with the crew of 367 men of the disarmed Austrian cruiser Kaiserin Elizabeth, will concentrate at Tsing-Tau and aid the Germans is not known.

By Associated Press.
NEW YORK, Aug. 28.—The Graciosa, of the fleet of German steamships idle in this port since war began in Europe, left last night at the risk of becoming the prize of British cruisers known to be off this harbor. She carried with her coal and stores and carried no passengers. She cleared ostensibly for Cadiz, Spain.

By Associated Press.
LONDON, Aug. 28, 5:30 p. m.—The official news bureau says that the Japanese admiralty office officially announces that the blockade of the coast of the German leased territory of Kiaochow, in China, has been declared as complete from 9 a. m. on August 27.

By Associated Press.
LONDON, Aug. 28, 3:30 p. m.—The Rome correspondent of the Exchange Telegraph Company says: "A dispatch from Berlin states that Emperor William has telegraphed his council of ministers charging the council with the immediate organization of all possible relief for the population of his beloved province of Prussia."

By Associated Press.
LONDON, Aug. 28, 4:30 p. m.—A dispatch received here from Amsterdam says that the Telegraf, a local newspaper, declares that the German exchequer has taken steps to seize the Japanese balances in German banks.

By Associated Press.
LONDON, Aug. 28, 4:27 p. m.—The Exchange Telegraph Company publishes a dispatch from the German correspondent saying that the Germans have placed a number of quick-firing guns in the outskirts of Brussels, principally on the north side, from which direction the Belgian troops in Antwerp would arrive for an attack. Brussels is calm, the correspondent continues. The German flag has been removed from the town hall to the ministry of foreign affairs.

By Associated Press.
WASHINGTON, Aug. 28.—The Japanese embassy here today was notified from Tokyo of the blockade of Kiaochow.

By Associated Press.
WASHINGTON, Aug. 28.—Emperor Nicholas of Russia today acknowledged President Wilson's offer of mediation. All the warring European nations have now replied, but none has added more than an acknowledgment.

wealth for the sake of their country and manfully bear the hardships of war.

"Confidence in the irresistible might of our heroic army and unshakable belief in the help of a living God, together with the consciousness that we are fighting for a worthy cause, should give us faith in an early delivery of Germany from its enemies."

"I wish that everything possible shall be done by the German people for those East Prussians who are obliged to leave their homes. With this in view I charge my ministry and the various state authorities to assist in the work of relief. Take thorough measures for this purpose and report to me what has been done."

(Signed) "WILLIAM, KEX."

The dispatch also states that the Reichs-Tag, the official paper of Berlin, publishes an imperial decree dated August 17, calling on all Germans in foreign military service to return to Germany.

A message received in Berlin from Erling Bjornson, son of the Norwegian dramatist, asserts that German refugees from East Prussia report many acts of brutality on the part of Russians.

HOW CRUISER WAS DESTROYED.

By Associated Press.
ST. PETERSBURG, Aug. 28, via London, 10:55 a. m.—The Russian account of the destruction of the German cruiser Magdeburg differs a little from the German admiralty report. It says:

"Thursday morning when the fog lifted our two cruisers were sent to look for the Magdeburg and opened fire when they found her. The German cruiser replied but her fire soon ceased. The Russian shells destroyed the funnels and caused an explosion, which shattered the bows as far as the captains bridge. Some of the officers and crew were taken prisoners."

COMMANDER ESCAPES.

By Associated Press.
LONDON, Aug. 28, 1:15 p. m.—According to dispatches to the Russian embassy it was the Russian cruisers Bogatyr and Pallada which destroyed the German cruiser Magdeburg. The commander of the Magdeburg is said to have escaped.

INVADE PRUSSIA.

By Associated Press.
LONDON, Aug. 28.—A dispatch to Reuters Telegram Company from Paris gives additional war office communication, which says:

"After the victory of the Russians, the German troops in East Prussia evacuated the district of Masurienland, southeastern Prussia. The Russians sustained no check in this very difficult country and yesterday they occupied its western outlets. It is confirmed that they captured one hundred guns from the enemy."

"In Galicia the Russian offensive is being continued normally, south and southwest of Przemyel."

"AGE-OLD METHODS."

The St. Petersburg correspondent of the Post, in describing the operations in East Prussia, tells of the difficulties which nature has placed in the way of the Russian advance and says the Germans had enormously multiplied these difficulties by modern adoption of age-old methods. "The Russians march down with rifle pits and wherever practicable redoubts of felled timber were placed. Everywhere there were formidable wire entanglements."

"We have no exact information," the correspondent continues, "of how many army corps Germany had left to oppose the Russian advance. Perhaps there were ten and possibly only five. What ever their number three are retreating under cover of the fortress of Koenigsberg and one is in full flight on Osterode."

"All four swung away in retreat their arms and ammunition and even their food."

"The Russian armies by forced marches have driven a wedge between the German forces. So demoralizing was the Russian commanders' strategy that the German forces abandoned their entrenched position on the Angerapp without a fight."

CATCH PANIC FEELING.

"The authorities of East Prussia have caught the panic feeling from Germany's army. It is reported that the commandant of Marienberg has ordered the inhabitants to evacuate the country while at Elbing the sluices were opened with the object of flooding the country to prevent the Russian advance. These are certainly old and indicate panic."

"Germany has no more trained troops to oppose the Russians. With the true eyes for strategy which mark the born commander of men, Grand Duke Nicholas has abandoned to his fate everything everywhere which did not lend itself to the attainment of a single aim of attacking and crushing the enemy's main force."

"In accordance with this policy quite half of Poland was left bare of Russian troops and all public servants of Russia's state were warned to quit homes when the Germans advanced."

Both the Austrians and Germans accepted the invitation to this easy conquest. There were no soldiers anywhere to meet the German invaders, whose cavalry raided as far as Lodz but they have since been swept out again."

OCCUPY TILST.

LONDON, Aug. 28, 12:25 p. m.—The Russian embassy has received telegrams confirming the Russian occupation of Tilsit, East Prussia, 60 miles northeast of Koenigsberg. It is added that the Russians made great captures and that the garrison and population fled. The Russians have established postal service in East Prussia and Russian stamps are used.

Tsing-Tau Forts Fire on Japanese Cruisers

TSING-TAU, China, Aug. 28, 11:44.—Two small Japanese cruisers yesterday fired the first shots from the Tsing-Tau fortifications. Several shots dropped around one of the cruisers, whereupon the vessel fired one shot in reply and withdrew. It is reported that one German shell found its mark.

GERMANS POOR
SHOTS, SAY
SOLDIERSDifference of Opinion Among
Britishers Over Accuracy
of Gunnery.

By Associated Press.
LONDON, Aug. 28.—"Some curious rumors are current in the British lines," the Daily Mail's Rouen correspondent says. One of the soldiers told him, he says that the Russians had reached Berlin and were using the Germans' own guns against them. "So that we can crumple them up." Some of the British soldiers are highly irritated because they did not see enough of fighting. One said: "I hardly saw a German. I came on one German infantryman while marching through a village and he began talking to me, saying 'yah, yah,' or something like that. 'What did I do? I ran my bayonet through him and would do so again.'"

There is much difference of opinion among the Britishers as to the accuracy of the German gunnery. One of the soldiers said regarding this:

SHOOT BADLY AT BRITONS.

"They had a bunch of their big guns trained on the great works at Moret, but they shot badly. If they had shot straight I would not be here, for we were posted right under the big tank. Shell after shell whizzed overhead. Every time they missed we cheered, but each time we waited for the next shot pretty anxiously."

A fusilier told the Mail's correspondent of street fighting in a colliery town. He said:

"It was most desultory fighting, but there was stirring bayonet charges by the British. The Germans don't like that sort of thing. They quit the neighborhood as soon as it starts."

"One time we ran up within seeing distance of a huge mass of the enemy in close formation. Our machine guns did them up properly. When we catch them like that they don't ask for two helpings."

GUNNER STANDS BY POST.

One of the Hussars spoke enthusiastically of the work of the British artillery. "There was one battery, or rather half a battery, in rather an exposed position," he said "which was doing a lot of damage to the Germans, so they trained several of their batteries on it in an endeavor to silence it. It was a fight between one David and a half dozen Goliaths. One by one the guns were silenced until only a single gun and a single gunner remained. He went on doing the best he could, working steadily and calmly and would have gone until he dropped except that an officer called him back and you can bet he went back unharmed."

American Red Cross
Nurses Offer Services

By Associated Press.
WASHINGTON, Aug. 28.—Hundreds of American nurses and surgeons have volunteered for service in Europe, said Red Cross officials, who were completing today the personnel for the relief expedition soon to be sent abroad. It was said there probably had been 100 offers of service for each selection made. Thirty surgeons and 120 enrolled Red Cross nurses are to be included in the expedition.

"I have been breaking hearts with each selection," said Miss Jane A. Delano, chairman of the general nursing service of the Red Cross. "Our nurses have been clamoring to go to the front, and it is a most difficult task to single out the women for the strenuous work abroad."

Major Robert C. Patterson, United States army medical corps, in charge of the selection of surgeons, has faced practically the same conditions.

ON ITALIAN FRONTIER

ROME, Aug. 28.—Austrian reservists are massed on the Italian border, entrenched in camps around Trent, in the Tyrol, where the fortifications have been strengthened and feverish haste and new guns added. Non-combatants have been warned to prepare to leave the Tyrol.

PRINCE ALBERT III.

By Associated Press.
LONDON, Aug. 28.—Prince Albert, King George's second son, who has been with the North sea fleet, was recently taken ill with appendicitis. As rest and quiet were necessary, the prince was landed at a port in Scotland. His condition has been satisfactory. Prince Albert became a midshipman last year and was attached to the battleship Columbia.

NOBILITY OFFERS
RED CROSS HOMESHistoric Castles and Yachts
Being Turned Into Hos-
pitals and Depots.

By Associated Press.
LONDON, Aug. 28.—Historic castles, country mansions and luxurious yachts are being turned into hospitals, convalescent homes and Red Cross depots. The authorities are overwhelmed with offers and the owners in most cases are providing a full equipment for the houses and craft and paying for their maintenance.

The Duke of Devonshire has lent Devonshire House, a famous old mansion in Piccadilly, for the headquarters of the British Red Cross Society. The great hall is filled with tables, desks and inquiry counters and an aristocratic staff is working on the plans of organization. The ducal reception room in the mansion is a vast workshop, in which Queen Mother Amelia of Portugal, Princess Christian and many other titled and society women are engaged daily in office work.

The dining room of Marlborough House, the late residence of the Dowager Queen Alexandra, has been converted into a work room, where prominent society women, under Princess Victoria, are cutting garments for soldiers and sailors. Princess Marie Louise has equipped her clubhouse for factory girls as a hospital.

The Empress Eugenie has given \$1000 to the Red Cross funds and also fitted up a wing in her house at Farnborough for the reception of wounded officers.

The Duke of Sutherland has offered his seat in the British Highlands for hospital purposes. The Duke of Norfolk is fitting out fifty beds in Arundel Castle, his beautiful Sussex seat.

Mortimer Singer, American, has offered his newly built mansion in Berkshire as a convalescent home. It will be equipped for 200 patients and Mr. Singer will defray all the cost of its maintenance.

Rodman Wanamaker, who gave the silver star costumed \$40,000 to the Sandringham church in memory of King Edward, has placed his extensive premises in Pall Mall and its entire staff at the disposal of the Red Cross Society.

The Archbishop of Canterbury has offered Lambeth Palace, the picturesque ancient London residence of English primates, as a hospital, and Cardinal Bourne has tendered a large and fully equipped hospital at Witleigh.

British and Japanese
Cruisers Seek Leipzig

By Associated Press.
SEATTLE, Aug. 28.—The British cruisers Newcastle and Rainbow and the Japanese cruiser Izumo are still cruising along Vancouver and the Northern British Columbia coast seeking the German cruiser Leipzig. The belief is growing that the German vessel did not come north of Cape Mendocino, California, where she was sighted ten days ago. Fishing boats have reported seeing the Leipzig but they may have sighted one of the other three cruisers. The report from British Columbia that a steam schooner had sailed from Seattle with coal for the Leipzig is exploded by the fact that the vessel in question removed her radio apparatus last month and would therefore be unable to find the Leipzig.

Investigation of the report that a radio station was communicating with the Leipzig shows that the Canadians have no information but only a suspicion.

The weather of British Columbia is foggy and smoky. The three cruisers of the allies are looking into all the small harbors of Western Vancouver Island.

SEATTLE, Aug. 28.—The British steamer Cloughton tomorrow will begin to discharge at a local mill a cargo of corn from Argentina, the first ever brought to Puget Sound from South America. The Cloughton carried 7000 tons at a freight rate of \$3 a ton. The freight rate on corn from the Mississippi Valley to Puget Sound is \$10 a ton.

Woman Peace Parade
to Serve as Protest

By Associated Press.
NEW YORK, Aug. 28.—Thousands of women, representing many nations, all clad in somber black or white with mourning bands around their arms will march tomorrow down Fifth Avenue in what is said to be the first "peace parade" ever held in this country to voice a protest against war.

MADE GOVERNOR GENERAL.

By Associated Press.
LONDON, Aug. 28, 10:30 p. m.—The Marconi Wireless Telegraph Company last night received the following German official dispatch:

"Field Marshal Von der Goltz, who has been trusted with the administration of that part of Belgium in the possession of Germany, has left for Belgium to enter upon his duties as governor-general."

The civil administration has been entrusted to the president of the government board at Aix-la-Chapelle, Baron von Sandt, on whom the title of excellency has been conferred."

Boy Sentry Is Killed
by Unseen Assaultant

By Associated Press.
MONTREAL, Aug. 28.—Sixteen-year-old Gordon Bette, private in the Fifth Royal Hussars, was shot in the eye and killed today by an unknown assailant while on sentry duty at the canal at Soulanges. Soldiers at Soulanges, guarding the canal, have been fired on repeatedly during the last few days.

GIVE SALARY FOR WAR.

By Associated Press.
MONTREAL, Aug. 28.—The directors of the Canadian Pacific Railway Company yesterday decided to vote \$100,000 to the Canadian patriotic fund. A movement is on foot to have each employee of the road donate a full day's pay. This would make another \$100,000 for the fund, which will be used in part to defray the expenses of the mobilized Canadian troops.

SUPERVISORS ON OFFICIAL COUNT

Gigantic Task of Wading Through Primary Returns Is in Progress

(Continued From Page 1)

Stockwell has gained votes overnight for the Republican place and as returns filter in is alternating with Chambers for the lead.

In the United States Senatorial fight in the Democratic party James D. Phelan has defeated Thomas F. Griffin by more than two to one. In the Progressive field Francis J. Heney is a two to one winner over Chester H. Rowell.

NO COUNTY CHANGES.

In the county fight no changes have been made. Alameda county returns came within two weeks of the night of being complete. These results confirmed THE TRIBUNE list of county officials re-elected at the primary and of candidates who had qualified for the November election.

Contested offices will be:

schools, George W. Irick, incumbent, and Blanche Morso, county clerk, George E. Gross and John P. Cook, incumbent; county assessor, H. F. Vogt, incumbent, and H. F. Vogt, county assessor, C. F. Horner, incumbent, and Hugh Craig, coroner, Grant D. Miller and Dr. C. L. Tisdale, incumbent.

Supervisor J. M. Kelley is re-elected. Supervisor W. E. Bridges in the Second district must fight for re-election against Charles E. Heyer of Hayward.

FREDERICKS CONGRATULATED.

Hearty felicitations of John D. Fredericks, Republican standard-bearer in the coming November elections, has come to him from all his rivals for the nomination. Belshaw, Keesling, Raister, defeated but not disgruntled—have renewed their allegiance to the party in messages of generous congratulation to Captain Fredericks.

Congratulations are of course the order of the hour in California. The President sent this one:

"The White House, Washington, August 26, 1914.

"Hon. James D. Phelan, San Francisco, Cal.: My sincere congratulations. WOODROW WILSON."

LANE WIRES.

Thus wired the secretary of the interior:

"Washington, August 26, 1914.

"Hon. James D. Phelan, San Francisco, Cal.: Accept my heartfelt congratulations. I trust the state will elect you, and thus realize its opportunity to secure a Senator who can, with force and dignity, uphold the interests of California and the policies of the President."

"FRANKLIN K. LANE."

Still another telegram came from Phelan's opponent. This read:

"Modesto, August 26, 1914.

"Hon. James D. Phelan, San Francisco, Cal.: Accept my congratulations; also my best wishes. 'THOMAS F. GRIFFIN.'"

HYNES APPRECIATIVE.

First among local acknowledgments must rank, in point of time, this from District Attorney Hynes, who was re-elected at the Tuesday primary by an enormous majority:

EDITOR TRIBUNE: Owing to my inability to personally thank the people of this county for their magnificent endorsement of my administration of the district attorney's office of this county at the primary election held on Tuesday, August 25, 1914, I desire to do so through your valuable paper, and especially do I wish to thank the residents of West Oakland, where I spent my boyhood days, and the people of my home city, Alameda, for their loyalty to me and their expression of confidence in me. Very truly yours,

W. H. L. HYNES.

District attorney of the county of Alameda.

August 28, 1914.

CORONERSHIP RETURNS.

Returned returns for the coronership in this county with four precincts unaccounted for, give the following figures:

Grant D. Miller21,167
C. L. Tisdale (incumbent).....20,387
Dr. O. Baldwin12,369
H. K. Albright2,779
Missing precincts are Piedmont 1 and Oakland 68, 123 and 168.

No One Knows When Official Count Will Be Completed

The official count of the ballots cast at Tuesday's primary is now being made by the board of supervisors, but when the returns of wading through the returns of the election officers of the 283 precincts in the county will be finished is too impractical for any sane and prudent tally clerk, or other participant in the work to risk an opinion.

"The last tally clerk," was the answer to the question given by one of the clerks. He added: "It depends upon the physical as well as the mental endurance of the man who is to do the tally. They have never had anything of this kind to tackle before, and they are not likely to covet a repetition of the experience."

But, while the official canvass of the vote is in progress, semi-official returns from two of the 283 precincts in the county are lacking. The defendant precincts are Nos. 149 and 153. The polling booth of the former was located at the southeast corner of East Fourteenth and Thirtieth avenue in the Melrose district—and, at the close of the count, the officers of election being evidently weary and worn out, laid down to rest and refresh themselves, and forgot their last, not least important and interesting part of their arduous duties, that of transcribing the returns entered in the official sheet to the semi-official blank.

RESULT UNKNOWN.

The latter accompanied the sealed package containing the ballots and official tally sheets in compliance with the official instructions received; but there was not a word of either one or the other on its face. So the long list of candidates interested in the way the good people residing in precinct No. 149 voted will, of necessity, be held in suspense until the official returns of that election board are reached by the supervisors in the regular order of the canvass.

The semi-official sheet of the vote cast in precinct No. 153 was duly filed by the tally clerks at the close of the count of the ballots by the judges of election and accompanied the official returns and tally sheets, ballots and ballot boxes to the county clerk's office. It is officially vouchered for at the county clerk's office, but no sooner was the semi-official blank identity established than it mysteriously vanished. Diligent search has been made for it among the maze of semi-official returns filed on the long tables in the county clerk's office, but without avail, and the document has been officially declared lost.

SOME ANGLES ON PRIMARY RETURNS

Penicillities of the direct primary law are made apparent in no phase of the election more clearly than in the Alameda county legislative and congressional contests.

It has been bruited abroad that Justice of the Peace William R. Geary won a Democratic nomination, but cannot go on the ballot because he was defeated in his own party, the Progressive. The nomination was given to an independent, an endorsement when bestowed upon a candidate registered in a rival party.

In two other cases the situation repeated itself.

William J. Hayes, Republican, ran for three nominations in the

Montell Taylor defeated him for the Republican nomination. W. T. Satterwhite defeated him for the Progressive nomination. He won the Democratic nomination, but having lost his own party endorsement, forfeits his place on the ballot, unless it chance that because no Democrat ran an exception may be made.

The third instance of a nomination won, but meaningless, is that of John B. Raister, Progressive, in the Thirty-ninth Assembly district. The Republican and Progressive nominations were won by Frank E. Anderson. Raister got the Democratic nomination. He had no opposition for it. But can he go on the ballot as a Democrat, being registered as a Progressive and defeated as such? The primary law says not.

So Luttrell, with a minority vote, wins the Democratic nomination for Congress, and in the Thirty-ninth Assembly district the Democratic party probably will have no candidates because nobody in the party tried and the persons who did try must forfeit the nominations.

JUSTICESHIPS ARE STILL IN DOUBT

Angellotti Runs Ahead of His Opponents; Conley and Bordwell Close.

The outcome in the non-partisan contest for chief justice and associate justices of the Supreme Court depends quite as much on the count in Los Angeles and San Francisco counties as it does on the outlying regions of the state.

For chief justice Frank M. Angellotti is running far ahead of his opponents, with 125,694 votes in 2785 precincts throughout the state. Bordwell of Los Angeles and Conley of Madera are fighting for second place on the ballot in November. Out of 2785 precincts here is the way their vote stands:

Conley96,513
Bordwell96,179

Yesterday Conley had qualified, it appeared. Then returns reversed the situation, but after he crept ahead of Bordwell again.

Now returns are missing entirely from seven counties.

Madera. Conley's home county, is completely reported, its 31 precincts giving Conley 2277 and Bordwell 238. In the same county Angellotti polled 247. In San Francisco 274 precincts out of 493 give Angellotti 25,474, Conley 17,792 and Bordwell 6719.

ISSUE MAY LIE IN SOUTH

The issue between Conley and Bordwell may lie in Los Angeles, San Diego and Imperial counties, and in fact Bordwell's supporters are taking their fondest hopes. Los Angeles is Bordwell's home and is giving him more than two to one over Angellotti and Conley combined. Nearly half its returns are still missing and Bordwell figures to gain heavily in these. Then San Diego and Imperial counties are missing entirely. It may be, therefore, that Bordwell will overtake Conley and make a quality against Angellotti in November.

Equally interesting is the race being run by Lawlor and Shaw for associate justice of the Supreme Court. Here is the way the vote stands in 2785 precincts of the state:

Lawlor181,945
Shaw124,554
Murphy101,962
James88,899

Inasmuch as two associate justices are to be elected it is practically certain that all four will qualify for the November ballot. Lawlor is now the favorite, but his chance depends on the late returns from Los Angeles and San Francisco counties.

LIBRARY BUDGET GIVEN TRIMMING

Estimate for Maintenance Is Deeply Cut; Librarian Files Protest.

The estimate for maintenance of the Oakland free library has been cut by the city commissioners with so sweeping a stroke of the ax that the amount allowed, \$112,500, is almost \$6000 below the amount actually used in maintaining the library for the current year. The cut is the subject of a communication addressed by Librarian Charles S. Green to the city council explaining that it is absolutely essential that the library allowance be maintained at the figure of last year or it will be necessary to discontinue service already established. Green declares that if only the amount granted last year is given it will be necessary to give up the plan of establishing the new branches at Allendale, Upper Fruitvale, Rockridge and Santa Fe, despite the fact that these branches have been asked for for three years or more.

The commissioners are wrestling daily behind closed doors with the budget in a supreme effort to keep the tax rate below \$2 on the \$100 assessed valuation. Mayor Mill explained that this year the city will have to pay the maximum so far on bond interest and redemption, he is \$591,31 more than the \$112,500, or a total of \$118,451.

"Against this you would figure \$18,000 receipts from the county and \$2300 receipts from fines, a total of \$20,300, leaving \$98,151 to be raised by taxation."

"This amount would provide, with great economy, for the maintenance, which the charter requires the council to give, and Pacific and the city would be able to establish the new branches at Allendale, Upper Fruitvale, Rockridge and Santa Fe, which have been asked for by those districts. The city would be able to provide for furniture or maintenance of the art department in the Auditorium, or for further additional attendance in our municipal reference department in the new city hall."

"We regret, as you must also, the grim necessity that compels this cutting out of extensions, but we must beg of you to increase the appropriation to the same amount as required last year, in order that we may have the further more painful duty of discontinuing service already established. Yours respectfully,

"CHARLES S. GREEN,"
"Librarian and Secretary."

WANT DATA ON LOANS.

NEW YORK, Aug. 28.—Acting on complaints that the national banks of this city had thrown out many loans made on good collateral and that they have in other ways worked hardship on holders of securities at this crucial time, the treasury department today directed the national banks of New York promptly to furnish it with detailed information regarding holdings of securities in loans.

FRESNO VOTE PARTIAL.

FRESNO, Aug. 28.—Unofficial returns county give the following vote for associate justices: Lawlor 2564, James 1013, Shaw 2049, Murphy 1404.

Judge Tappan to Ask for Primary Recount

ALAMEDA, Aug. 28.—Police Judge R. B. Tappan announced today that he will ask for a recount of the ballot cast at the primary election Tuesday when he was defeated by L. R. Weismann by 214 votes. Judge Tappan says:

"I have positive information that by error and mistake more than 600 votes were lost for my opponent instead of for me in each of the 10 precincts. At these errors did take place. I ought to be credited with 156 votes more. So many of my supporters have urged me to look at this ballot that I have concluded to file my affidavit in the superior court as soon as the law permits me, and correct all errors. I thank my supporters and am a good loser."

Queen Mary Active in Hospital Problem

By Associated Press.

LONDON, Aug. 28.—Virtually all the wounded men brought back to England from the front will be disembarked at the Southampton docks and from there sent to the various hospitals in the country. Nearly all the big London hospitals appear on the official list of hospitals, which have made arrangements for the reception of wounded men. In the London area there will be established also Queen Alexandra's war hospital, and four other military hospitals.

So far as possible, the suggestion of Queen Mary that all wounded should be sent to hospitals in the local area of the patient is being adopted. For instance, a man from Kent would be sent to a Kentish hospital.

Substantial aid is being secured in answer to Queen Alexandra's appeal for Red Cross funds, by means of collection boxes taken out on the streets by women workers. One of the most successful of these workers is a little girl of 8 years old, who, dressed as a Red Cross nurse, obtained two boxes full of coins on Bond street in two hours.

Canal officials, however, are confident that there will be a big increase in business as soon as the trade routes are re-established and interference with commerce disappears through some decisive victory in the war. Also it is anticipated that a great fleet of vessels under American and other neutral flags will soon be passing through the waterway to help the west coast trade of South America, so that the balance will soon be on the right side of the canal's ledger.

Austrian Troops on Half Rations

By Associated Press.

ROME, via London, Aug. 28, 6:30 p. m.—The correspondent at Trieste, Austria, of the Messaggero says:

"A serious condition prevails at Pola, where the troops have been reduced to half rations. An entrenched camp is being constructed around Pola."

"The Austrian troops operating in the south have been ordered to remain on the defensive, as large numbers of troops have been taken from Bosnia and sent to Galicia to oppose the Russians, who are making alarming progress."

JAPANESE WARNED.

Acting on the advice of Consul-General Numano of Japan, the Japanese Association of California has addressed a proclamation to its countrymen in San Francisco and throughout the state, urging them to be circumspect in their dealings with German residents and to avoid heated alterations or political discussions of any kind. The proclamation lays special emphasis on the stability of Germans and Japanese being friends as individuals, claiming that the German-Japanese war is a conflict between nations and not between individuals.

LOGGING MEN MEET.

BELLINGHAM, Wash., Aug. 28.—Leaving existing trade conditions entirely out of all discussions, the sixth annual Logging Congress, now in session here, devoted a busy day to consideration of the problems affecting production of logs for the market. Many new mechanical devices intended to increase production at less cost were considered by the delegates. The welfare of the men in the woods also came in for lengthy consideration, the general discussion going to show that rapid advance has been made in logging camp life in the last year.

RESUME ORIENT TRIPS.

SEATTLE, Aug. 28.—The Canadian Pacific will resume trans-Pacific service on regular schedule October 15, when the Empress of India will sail from Vancouver, B. C., for the Orient. The Empress of Asia and Empress of Russia are in the Orient, held by the British government for transports. The Harrison line steamers will begin regular service between the Pacific coast and England through the Panama canal the latter part of September, making the voyage between Liverpool and Seattle in forty-seven days.

CHOIR HOLDS RECITAL.

The First Methodist Episcopal church choir has arranged a program for Sunday evening. This is the first of a series of monthly musical services to be given by the choir. The program will consist of solo, quartette and chorus work, and in addition to this Miss Irene Stratton, harpist, will play "The Roseary" with organ accompaniment. There will be special numbers on the organ with the chorales. E. D. Crandall is the director of the choir and quartet.

ENDS LIFE WITH CHLOROFORM.

SAN FRANCISCO, Aug. 28.—"All I have is 50 cents and I want a night's lodging. Will you let me in?" said Earl Corvelli to the landlady at the hotel at 472 Page street last night. At noon he was found dead, having taken chloroform. He carried a detective's star.

FRENCH AVIATORS KILLED.

PARIS, Aug. 28.—An army lieutenant aviator and his pilot, whose names are not given, were killed today in the fall of their machine at Juvisy.

EXPELS CORRESPONDENTS.

MILAN, Aug. 28.—Relations between Austria and Italy have become so strained that all the correspondents of Italian newspapers in Vienna have been ordered to leave Austria.

CANAL RECEIPTS HIT HARD BY WAR

Tolls During the First Week of Traffic Fail to Pay Expenses.

By Associated Press.

WASHINGTON, Aug. 28.—As a direct result of the war in France, receipts from the operation of the Panama canal have failed to pay the expenses of the great waterway. Tolls during the first week of traffic in the canal amounted to only about \$10,000. That was not enough to pay operating expenses, much less meet the interest payment on the vast capital invested.

Prof. Emory Johnson estimated that the receipts from tolls at the end of the first two years would be about 24 or 25 million dollars.

Canal officials, however, are confident that there will be a big increase in business as soon as the trade routes are re-established and interference with commerce disappears through some decisive victory in the war. Also it is anticipated that a great fleet of vessels under American and other neutral flags will soon be passing through the waterway to help the west coast trade of South America, so that the balance will soon be on the right side of the canal's ledger.

WRECKAGE FROM WAR CRAFT FOUND ON COAST

SAN FRANCISCO, Aug. 28.—Wreckage afloat, wooden and rope, with all the appearance of having come from a warship, was picked up by the steamer Breakwater off Coos Bay yesterday morning and taken into Marshfield. The only marks to identify the wreckage were the letters "A. R. K. D." in German script on a life buoy.

What the letters stand for is not known but they were so obviously German that none of the German speaking residents of that part of the coast believed that the life buoy came from any but a German cruiser.

Advices from Marshfield at an early hour this morning tend to confirm reports of heavy cannonading in those waters Wednesday.

ENGLISH ARMY USING Y. M. C. A. FACILITIES

By Associated Press.

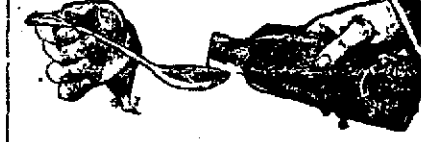

NEW YORK, Aug. 28.—Buildings and forces of the Young Men's Christian Association are being used by the army in the mobilization movement throughout England, according to Secretary Arthur Y. M. C. A., who has returned from Europe.

The Y. M. C. A. tent has been recognized, said Mr. Cotton, as part of the regular army equipment, being used for writing, reading and postal facilities. The association has already placed tents at 105 mobilization points with 1000 seats, tables and volunteers, serving 300,000 soldiers.

IS 23 YEARS OLD AND WEIGHS 400 POUNDS

MONTICELLO Ind., Aug. 26.—Henry F. Washburn of Cass Township, is the largest man in White county. He is twenty-three years old, six feet one and one-half inches tall, and weighs 400 pounds.

Two years ago he was thrown from a wagon and his spine injured so that he was confined to his bed for months. It was difficult to care for him properly because of his weight.

SAND PIT WORKERS ATTACKED BY ANTS

Millions of Swarming Insects Bite Both Men and Horses.

FORT COLLINS, Colo., Aug. 26.—Workers in the sandpits near Wellington have been twice driven from their work in two days by swarms of winged ants. The insects have a bite that is almost as virulent as the sting of bees. They have attacked men and horses alike, causing great pain and swellings upon the men and driving the horses nearly frantic.

These flying ants are the hatch of this year. When they attain maturity they are equipped with wings and during the hottest days come to the surface of the sandpits, where many of them fly away. Some are caught in the ant-hill and there are shown of their wings and carried back into the galleries to become industrious members of the community. The swarms usually come out early in July but this year they have been driven to the surface by the heat of the day.

FAMOUS PAINTER HAS FORSAKEN PORTRAITS

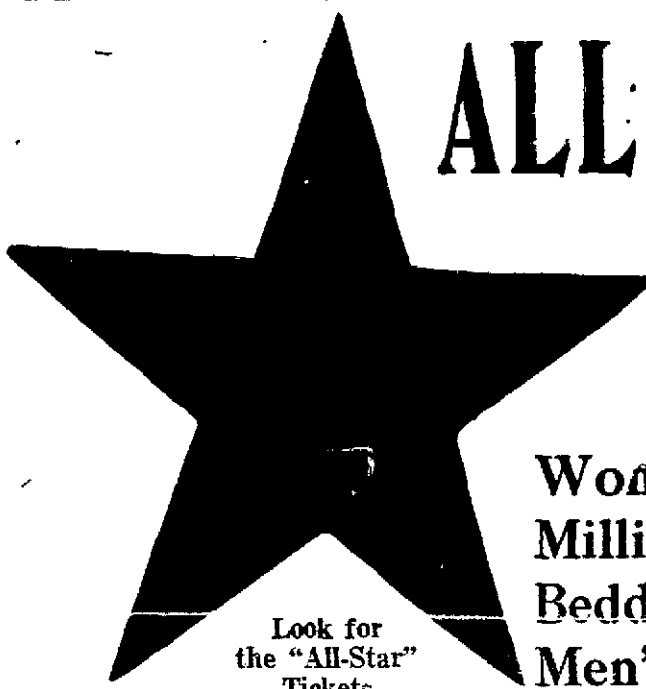

LONDON, Aug. 26.—John S. Sargent has declined a handsome commission to paint a portrait of Victor J. Dowling for the Manhattan Club of New York, and has reaffirmed his decision not to paint any more portraits. To John W. Cox, who made the offer to Mr. Sargent on behalf of the Manhattan club, the eminent painter said the portrait of Henry James, which was damaged by suffragettes while on exhibition at the Royal Academy, was painted in accordance with an old promise otherwise he

after making his announcement that he was done with portrait painting. Mr. Sargent is now devoting himself to landscape, in which he has made almost as great a success as he did with portraiture. He is now completing some work for the Boston library, the decoration of which was in the hands of the late Mr. Abbey at the time of his death.

HEN LIVES YEAR INSIDE HAYSTACK

Without Water She Makes Pen and Even Lays Same Eggs.

FOX LAKE, Wis., Aug. 26.—Men building hay near Fox Lake owned a stack put up last July and were surprised to find a hen imprisoned in the center. She was alive and three eggs

were found nearby. The hen had worked a hole in the hay about two feet square and evidently had lived on the seed in the hay, but had been without water for nearly a year.

HEN ACTS AS KITTENS' NURSE. MANNING, N. D., Aug. 26.—On the George W. Cole farm near here an old tabby cat is sharing her litter of kittens with a chickless hen, who helps the mother care for the little

being hovered by the hen and crawl under her sheltering wings for warmth.

CHICK HAS 2 LEGS AND 3 FEET. GENTRY, Mo., Aug. 26.—A chicken which has three feet but only two legs is the property of Ernest Kier, a

farmer near this town. The two feet are on one of the legs, of course, one pointing forward and the other backward. The chicken is lively but walks in circles like an intoxicated man.

PORTERVILLE MAN DISAPPEARS. FRESNO, Aug. 26.—Although the mysterious disappearance of her husband in this city last Tuesday has been reported in Porterville by Mrs. Harry Wright, neither the police department or the sheriff of the city have been able to locate him.

and induced Wright to accompany them on a visit to the supposed note. They failed to return and advice from Porterville state that Wright has not yet returned to his home. Mrs. Wright did not report the disappearance to the local police, they say.

The fire hose was attached to the nearest fire hydrant, the cistern was filled with water, and the cow was floated to the top and to safety.

WOULD DIVORCE WEALTHY SPOUSE

Mrs. Eisen Charges Long Period of Inhuman Treatment and Infidelity.

SAN FRANCISCO, Aug. 28.—Chronicle a long list of cruelties which extended over a period of seven years and are alleged to have taken place from Honolulu to New York city. Mrs. Yora W. Eisen, wife of Augustus C. Eisen, wealthy mining man and investment broker with offices in the Mechanics' Institute building, filed suit for divorce today.

Mrs. Eisen was formerly Miss Lora Wacht of Berkeley and her marriage was a society event of the college city October 21, 1905. Since the separation from her spouse she has returned to Berkeley to reside.

The charges of inhuman treatment include the mention of Eisen's infidelity to other women but no allegations of the existence of an affinity are made. Mrs. Eisen sets forth, however, that hubby was in frequent receipt of letters and telegrams from ladies unknown to her and that he was seen repeatedly in the company of women at various beach resorts. The first of the cruelties mentioned is alleged to have occurred in the winter of 1907 in the Hotel Belmont, New York, where, the wife states, she was seen by her husband in a black and blue mark on her arm. That same year in Honolulu she asserts he choked her, causing black and blue marks on her neck and resulting in her inability to swallow without pain for ten days.

FRANZ JOSEPH REJOICES OVER GERMAN VICTORIES

LONDON, Aug. 28.—A German official wireless dispatch was received last night by the Marconi Wireless Company. It read as follows:

Emperor William has received the following telegram from the Emperor of Austria:

"Victory after victory! God is with you. He will be with us also. I most sincerely congratulate you, dear friend, also the young heroes, your dear son, the Crown Prince, and the Crown Prince's daughter as well, in the incomparable German army. Words fail to express what moves me and with me my army, in these days of world's history."

"FRANCIS JOSEPH."

MEXICO CITY AGAIN QUIET. MEXICO CITY, Aug. 28.—The city has been tranquil for the past 24 hours, following the clash between the police and Constitutionalists, which resulted in considerable use of firearms and the killing of several persons. The entire police force will be disbanded and a new force organized. The city is being patrolled by Constitutional troops. The members of the gendarmerie who were arrested in prison.

In order to relieve the stagnation in business due to a lack of change the government will issue \$5,000,000 in paper bills in denominations of ten, twenty and fifty cents.

A commission, headed by General Carranza, has left for Yauztepec to confer with Emiliano Zapata, the rebel leader, relative to peace terms.

It is reported that 250,000 non-combatants are starving in the State of Morelos. An appeal for aid for them was sent yesterday to Washington through the American Red Cross representatives here.

CABRERA BROTHERS ASSASSINATED. WASHINGTON, Aug. 28.—Dispatches to the Constitutional agency here last night reported the assassination of Basilio and Rafael Cabrera, brothers of Luis Cabrera, by members of the old Federal Twenty-ninth regiment at Puebla Wednesday. General Huerta formerly commanded this regiment.

Driven by Hunger, He Gets Light Sentence

Two and one-half years in San Quentin was the sentence meted out this morning by Judge F. R. Ogden on Joseph Dunn, a young man of 23, who snatched a handful of corn from the ticket window of the Panthea theater on August 4.

"It is evident that you were driven to this crime by hunger," declared Judge Ogden, "and I am taking this into consideration in giving you the minimum sentence. I believe that there should be provision made for men who are without food or labor, and as our civilization progresses such places will be provided and there will be no necessity for crimes of this kind to be committed by desperate men."

Dunn, who had pleaded guilty and refused to give his real name, was formerly a bookkeeper for the Pennsylvania Railroad. He admitted that he had served a term for burglary in the Brooklyn penitentiary. "I didn't always steal, though," he said. "I went for a whole year without stealing anything."

"I hope that you will appreciate this light sentence," said Judge Ogden, "and that when you are released you will rehabilitate yourself in society. You will have to plow deep, however, to eradicate the tendency to crime, just as the farmer gets rid of weeds in his fields by plowing them deeply under the soil."

GIVES UP STAGE FOR ACCOUNTANT HUSBAND

SAN FRANCISCO, Aug. 28.—Taking their friends and acquaintances by surprise, Harry S. Thompson, 45 years of age, accountant for the insurance firm of George H. Tyson, and 22-year-old Jeanette Isabell Cole, a pretty actress who crossed the continent from New York to Los Angeles with the "Mutt and Jeff" company, were quietly married last night by Dr. J. W. Van Horn of the Fitzgerald Methodist Church. The couple eluded all their friends and left last night for San Jose, where a short honeymoon will be spent.

Thompson met his girl bride about a year ago, shortly after he had obtained a divorce from the first Mrs. Thompson, who now resides in Oakland. Only Miss Hester Thompson, known on the stage as Hester Ashley, Thompson's daughter, was present during the ceremony, as it was through his daughter, who is now playing with the Charlie Kelly company at a local playhouse, that Thompson met his bride. After a two weeks' honeymoon the couple will return to their apartments at 1601 Sacramento street.

BOARD REVISES CITY SALARIES

The Civil Service Commission Makes Changes in Positions and Pay.

Several salary and position changes were authorized by the civil service commission at a special meeting last night, most of the changes being confined to the street department. Further changes in the street department will be made, the whole matter being put over for further investigation and the comparison of work and pay with the work in public and private employ.

The meeting was held in conference with Superintendent Perry F. Brown of the street department and several of his assistants. It was agreed that two positions, now unfilled, the positions of head clerk and senior clerk, be declared independent.

The charges agreed upon last night are as follows:

Miss Bernice Steele, transferred to a position of junior bookkeeper outside the accounting division for a period of two months. The position held by her in the accounting division has been abolished.

Leo McCarthy, head clerk in charge of construction inspectors, raised from \$140 to \$150 a month.

Mark Ryan, senior bookkeeper in the accounting division, raised from \$100 to \$110 a month.

The board has an understanding with the superintendent of streets that the position of head clerk and the position of senior clerk should not be filled.

E. C. Hall, supervisor of electrical inspection in the electrical department, is to be promoted to chief of the department.

The recommendations made by the board at its regular meeting Tuesday night and at the special meeting the night following concerning the bureau of licenses and permits have occasioned much talk about the city hall. The reduction of Joseph Coughlin in salary, and the recommendation that two head clerks be dispensed with caused considerable comment, and indicated that the board had not given great heed to political distinctions and differences. Should the recommendation concerning the clerkship be carried out, one of the following four men will be removed from the pay roll, and placed on the reinstatement list until a position of similar rank shall be open.

U. S. Imports for July Show Decisive Gain

WASHINGTON, Aug. 28.—Merchandise imports into the United States during July amounted to \$160,179,133, the Department of Commerce announced today. Imports in July, 1913, and July, 1912 were respectively \$139,061,770 and \$148,695,778. Merchandise valued at \$151,082,225 was exported last month, as compared with \$159,930,778 in July of last year, and \$145,353,355 in the same month of 1912.

EXTEND RUNNING PERMIT WHILE RE-ROUTING CARS

An extension of 20 days was granted the San Francisco Terminal railway to operate their Key Route trains on Twelfth street from Poplar junction to Broadway by the city council today at the request of the company. The company had been granted the permit for 75, during the re-routing of their cars pending the completion of construction work on Twelfth, from Broadway to Fallon street. It was declared this morning that the work had been delayed by unforeseen obstacles. Commissioner of Public Health and Safety P. C. Turner asked that a letter be written to the corporation explaining that the work must be expedited, as no further delays would be granted. The company has no Key Route franchise over this section of street, and the permit has been granted as a makeshift to permit service to the public during the re-tracking of the roadbed east of Broadway.

CITY AWARDS CONTRACTS FOR NEW AUDITORIUM

The bids for work on the municipal auditorium, totaling \$1,335,944, were accepted by the city council today and the contracts awarded. The council acted on the bids submitted by the following firms: Public Works Harry S. Anderson and the municipal auditorium advisory commission. The contract awarded was to the Racker-Puller company, \$1,235,000; elevators and curtain company, \$100,000; electrical work, \$100,000; and the Racker-Puller company, \$100,000. The commissioners decided to reject the bid for marble and tiling for the auditorium, as the lowest bid offered was slightly irregular and could not be accepted.

WAR RISK BILL BEFORE HOUSE

Government Insurance Measure Expedited Under Special Rule.

WASHINGTON, Aug. 25.—The administration war risk insurance bill was placed before the House today under a special rule to expedite its passage. Under the rule general debate on the bill was limited to two hours. The measure would create a government bureau to assume the war risk on vessels under the American flag or carrying American cargoes, whenever it was impossible for the ships or cargoes to get insurance from private companies on an equality with vessels of countries which issue war insurance. It would not authorize the government to engage in general marine insurance in competition with private companies.

Supporters of the bill contend government insurance is necessary if American export trade is to be maintained in the face of war, and that it is a necessary supplement to the measure admitting foreign vessels to American registry. It has been passed in the Senate.

CONGRESS MAY ADJOURN

prospect of limiting the trust legislative program to the Federal trade commissioner bill and the Clayton measure to supplement the Sherman law, it was predicted today that Congress could complete its business by October 1. Whether it then would adjourn depended, however, on conditions arising from the war in Europe.

High Standards

One reason why this bank has become a large factor in the important financial and commercial affairs of Oakland is that it has always maintained a high standard of ideals.

It has confined its business to strictly legitimate channels and has always sought stability rather than large profits.

It has won the confidence of banks and business men and individuals who recognize the value of high standards in business.

DATE OF WEDDING IS KEPT SECRET

Miss Rideout and Chas. Savage Keep Their Friends Guessing.

SAN LEANDRO, Aug. 23.—Something of the excitement of the wedding of Miss Rideout and Charles Savage of this city.

"We're to be married next month," is all the information the young couple will give their friends. The date will remain a secret as far as the couple are concerned, but the friends don't want to be left out in the cold and there's all speculation on the probable day and time.

It is said the couple will be married at home. The friends are to be denied the privilege of witnessing the ceremony. They are taking full advantage of the opportunity to tell the couple in advance. Miss Rideout, who is a daughter of Postmaster and Mrs. C. Q. Rideout, and Savage were the guests of honor last night at a party given by Miss Mabel McCormack at the home of Judge and Mrs. D. U. Toffelmier. The other guests were Miss Alice Savage, Miss Rita Chambers, Miss Merville Rideout, Miss M. Hansen, Miss Ethel Hendricks, Joseph Hoerster, Carl Hendricks, Marvin Bradley, Herbert Hansen and Frederick Vieth. Mrs. H. C. Barton will entertain at a

kitchen shower at her home Saturday evening in honor of Miss Rideout. Eighteen guests have been invited.

INJURED IN AVOIDING ACCIDENT TO CHILD

MELROSE, Aug. 23.—Pitched head-first over the handlebars of his motorcycle when he swerved into the sidewalk to avoid colliding with a child, William Lamont of Oakland sustained only a few slight cuts. He fell on his head and owed his escape from injury to the fact that he was thrown on a tuft of grass, which broke the fall.

Passersby who saw the accident at first thought Lamont must have been badly hurt. Except for cuts on the back of his head the motorcyclist was none the worse for being catapulted from his machine.

CLASS TO ENTERTAIN.

HAYWARD, Aug. 23.—The senior class of the high school will give its initial after-entertainment in the school auditorium this evening. Miss Clara Alexander of San Francisco who earned a reputation in England as an entertainer, will give negro impersonations. She will be assisted by her sister, and by Miss Jewel and Miss T. Chaney, who will be seen in Russian dances.

Tonight's entertainment is a departure from the usual school affairs and the seniors anticipate a full house.

PASTOR WILL REVIEW BOOK.

HAYWARD, Aug. 23.—A review of Harold Bell Wright's latest book, "The Eyes of the World," will be given by Rev. B. D. Taylor of the Congregational church Sunday evening.

Headache and Nervousness Cured. "Chamberlain's Tablets are entitled to the praise I can give them," writes Mrs. Richard O. Spencer, N. Y. "They have cured me of headache and nervousness and restored me to my normal health." For sale by Osgood Bros. Drug Stores.

UNITED RAILROADS TO BUILD NO EXTENSIONS

Vice-President Tells Commission City Has Removed Obligation.

SAN FRANCISCO, Aug. 23.—That the United Railroads of San Francisco does not intend ever to make an extension into the suburbs or to build a single mile of new track under the existing charter provisions was the positive statement made before the State Railroad Commission this morning by Charles N. Black, vice-president and general manager of the company. Black was testifying in connection with the investigation of the commission into the financial affairs of the corporation. He told of the

made since 1906 and of substantial decrease in maintenance charges. Admitting that the company contemplated improving its property, but not extending it, he was questioned by Commissioner Thelen, who requested that he be more explicit.

"What do you mean by your statement that the city has removed any obligation to extend your lines?" asked Thelen.

"They have done so by making it impossible for us to go ahead, further, the city has constructed and is constructing their own street car lines."

"Do I understand the position of the United Railroads to be that because of the reason given they will make no further extensions and content themselves with improving the existing lines?"

"CAN NOT FINANCE THEM."

"Unless the city changes its charter the United Railroads finds it impossible to construct new lines or accept any further franchises from the city. The company could not finance them. The charter was amended two years ago and it is not prohibitive. It was difficult enough to finance extensions under the old charter provision."

Black read extensively from reports made by Traffic Expert Bion J. Arnold of Chicago, who investigated the local road. He explained that at present the company was spending 12.5 of its gross earnings for maintenance, which was 1. of 1 per cent more than Arnold recommended. Since Arnold's report there have been constructed, he testified, 47 miles of tracks. In 1907 and 1908 the company expended for maintenance \$80,000 per month on a maximum of 400 cars. At present they are expending but \$38,000 with an average of 625 cars. Black declared that the company was due to better organization and more efficient equipment, and that it was unfair to make comparisons with work done for other companies unless all the facts were brought out. He said that the cars were put through the shops every 13 months and completely overhauled whereas in the days before the Arnold report they were given to the shops only once in two years.

RECONSTRUCTION WORK. Asked as to reconstruction, Black testified that since 1902 there had been constructed 139.47 miles of single track out of a total of 247.53. There is planned at present 61 miles of new track, which will cover a period of three years and cost \$1,500,000. When that is finished, Black asserted, the United Railroads' equipment would be the equal of any street car system in the country.

Commissioner Gordon inquired as to the debt owned by the company for the amount and it was brought out that the amount was \$440,000, which was being paid in yearly installments. The examination was conducted by Attorney William M. Abbott, representing the company. President Lillenthal was present as was also Attorney Var Vorst, who looks out for the interests of the Eastern stockholders. There was a goodly number of spectators, many of them being shareholders, and a sprinkling of women in the audience.

Commissioners Thelen and Gordon were also on the bench.

PANTOMIME WILL SHOW HOW MONEY WAS EARNED

FRUITVALE, Aug. 23.—"Mama's word" at a social to be held by the Ladies' Aid of the Fruitvale Methodist church, when the members will relate in pantomime how they earned a dollar for the church. Story telling by gestures requires practice and the women will probably have harder work in making the audience understand how they went about the dollar raising than in the actual earning.

The dumb show will be varied by orchestral selections by the church orchestra and songs. Mrs. A. E. Sorrell, president of the Aid Society, Mrs. E. W. Barrett, chairman of the program committee and Mrs. Fred Hatch, chairman of the refreshment committee head the entertainment committee.

FIRE DESTROYS HOME.

Aroused by the odor of smoke, the family of A. Newhouser hastened to the kitchen and found the place in flames late last night. They turned in the alarm and managed to save most of their personal effects but the cottage was doomed and the arrival of the fire department only served to save the adjoining house, owned and occupied by R. L. Smith. The Newhouser house 3159 Davis street, was totally destroyed and the loss is estimated at \$1000, the adjoining cottage was damaged to the extent of \$200.

CIVIC CLUBS PLAN MONSTER CARNIVAL

Alameda County Manufacturers Make Arrangements for Fete.

Plans are being completed for the Alameda County Exhibit and Carnival, which will be given at Idora Park from October 3 to 15 inclusive under the joint auspices of the civic organizations of Alameda county. There will be no exhibition of manufactures and products and one-fourth of the space for displays has already been taken by east bay business men. The Rotary Club is the first organization in the city to endorse the project and a general invitation has been extended to all Alameda county organizations. The funds realized by the organizations taking part will be expended in the entertainment of visitors to Alameda county in 1915.

B. L. York has outlined a scheme for the booths around the Idora Park grounds. In 1907, and every effort will be made for a greater exhibition this year. Much interest is shown in the civic organizations and practically all the large manufacturing plants and business houses will be represented.

PORTUGUESE SOCIETIES TO BANQUET MEMBERS

The committee of the Portuguese Colony Auxiliary to the Panama-Pacific Exposition will give a banquet Saturday at the Hotel Oakland to Jose de Sousa Bettencourt, Frank Ignacio de Lemos and Joaquim Augusto Silveira, the three delegates of the Portuguese colony just returned from Portugal, where they went to induce the Portuguese government to officially participate in the exposition. Former Senator Mattos of Centerville will be president of the evening. The committee in charge are: Messrs. F. J. Cunha, president; Mario B. da Camera, secretary, and Manuel Fraga. At the banquet will be represented all the Portuguese organizations in California.

RECOGNIZES BURGLAR.

SAN FRANCISCO, Aug. 23.—Henry Licemen Desmond and Mullen and charged at the city prison with burglary. On July 5 he is alleged to have stolen a quantity of clothing from the room of Joe Barrett in the Grand Central Hotel, Third and Bryant streets. The night clerk had seen a man come from Barrett's apartment and this morning re-

nized Lewis on the street. He pursued him for two blocks and caught up with him, he went into the Denver House, 215 Third street, where he was turned over to the officers.

PRISONERS OFF BURGLAR.

An unknown person attempted to enter the home of H. Forks, 413 Madison street about 8:30 last night but was frightened away by Mrs. Forks. The man was about to enter the residence through a window but Mrs. Forks perceived the intruder and raised a cry which served to scare the man off before help arrived.

COLLIDES WITH BUGGY.

While driving a taxi for the Diamond Taxi Company around the corner of Tenth and Broadway at 3 p. m. this morning, Clarence West, 516 Yracio avenue collided with a buggy driven by William Rhoder, 447 Forty-fourth street. The buggy was badly damaged but the driver escaped unhurt.

seemed willing to open the account and told me to call later at her house to arrange the transaction. She had been playing a phonograph in another room and suggested that I come in and play two or three pieces. When I attempted to start the machine she told me that was not the way and took my hand off the machine and held it.

FRIENDS MIGHT SEE.
"She did not seem to object when I put my arm about her, but when I attempted to kiss her she said, 'Oh, don't do that; my friend might see us.'"

"Later when I called at her house she admitted me, got her bank book from another room and came in to show it to me. She stood up close to me and I finally put my arm about her and took the kiss which she had promised me."

It was at this point that the woman's husband leaped from his seat and made his dash at the defendant. It was several minutes before any further action could be taken. Her cries aroused the whole city hall, the upper corridor of which was soon crowded with officials and deputies. At the entrance to the courtroom, as Cockrell was leaving it, the young woman's mother made a determined dash for him, but was stopped by Billie Eaton and Detective D. H. Fraser. Thereafter Cockrell sought refuge in Judge Edgar's private chambers, where he remained until the Corcoran party left the city hall, after which he departed by another entrance with his counsel, accompanied by two police officers.

BOARD OF EDUCATION
TO ADOPT SCHOOL BIDS
RICHMOND, Aug. 28.—Several matters of importance will occupy the attention of the Richmond school directors at the meeting of the body this evening. The plans for the main street school will be finally adopted and bids called for, this matter being postponed from last week in order that several minor changes might be made. Bids will be opened tonight for the lavatory system to be installed in the Tenth street school.

It will be decided by the board as to whether the schools shall close on Labor Day and Admission Day next week. Superintendent Helms has not been able to answer the questions of the teachers and pupils on this subject but it is probable that the only holiday will be on Monday, a recognized holiday, whereas Wednesday is simply a state holiday. In Oakland the schools will be closed the first three days of the week.

WINS GOLF CHAMPIONSHIP.
CHICAGO, Aug. 28.—Mrs. Harry D. Hammons of Indianapolis at the Hinsdale Golf Club won the women's western championship today by defeating Mrs. F. S. Colburn of Glenview, 5 up and 3 to play, in a one-sided match, the latter part of which was finished in a driving race.

Mrs. Hammons is the first woman outside of the Chicago district ever to win the title. She defeated Mrs. F. G. Jones of Memphis, the southern champion, in the first round, winning from Mrs. G. F. Jones, the Chicago champion, in the second round and removing the 1913 champion, Mrs. Mrs. Helmer of Middleton Club. In addition to being western champion, Mrs. Hammons is champion of Indiana.

SOLENN REQUIEM SERVICE.
There will be solemn services tomorrow morning at 10 o'clock at St. Anthony's church, East Oakland, in honor of the Pope. Mass will be celebrated by the pastor, Rev. J. W. Sullivan, assisted by Rev. S. M. Harvey and Rev. P. J. Riley. The music will be rendered by the boys' choir.

S. F. MILLERS RAISE
FLOUR 40 CENTS BBL.

SAN FRANCISCO, Aug. 28.—Local millers made their first advance in the price of flour yesterday. The condition of the wheat market has caused an advance in price of 40 cents a barrel.

Eastern millers have advanced their produce \$1 a barrel since the commencement of the war.

What the effect on the bakeries of San Francisco will be is not known, as the large baking firms had not been notified yesterday of the increase in price. In the East an increase in the cost of bread resulted.

LITTLE CHINESE GIRL
RUNS AWAY FROM HOME
An angry because her mother had scolded her for some trivial offense, Ah Quong, a little Chinese maiden of 14 years, ran away yesterday and has not since been heard of by her family. In speaking of the matter to the police this morning her distraught mother urged them to make a thorough search. She says that when last seen the girl wore a blue suit and no hat.

ATTACKED AND ROBBED.
While under the influence of liquor, Webster was attacked and robbed on his return home yesterday by a man in the rear of a lower Broadway saloon. The last night Webster complained to Officer Maxey who arrested him on the charge of drunkenness. The inspectors are making an investigation.

SABOTAGE ROBBED.
SAN FRANCISCO, Aug. 28.—When John A. de Laney of San Francisco was robbed of \$250 by a man in the rear of a lower Broadway saloon. The last night Webster complained to Officer Maxey who arrested him on the charge of drunkenness. The inspectors are making an investigation.

Bruno came upon a traveler footsore and weary on the San Bruno road early this morning he offered him a lift in his motorcar. Gratefully the traveler accepted, and De Laney further displayed his attributes of hospitality, by stopping at several roadhouses and treating the stranger. When the machine reached Mission street, between Twenty-eighth and Twenty-ninth streets, however, De Laney found himself covered with a revolver in the hands of the man and a demand was made for his coin. He handed over 60 cents and the ungrateful robber fled.

MOTOR 'WEEPS'; PHEW! DEATH RELIC PUZZLE

Whew! Sniff!
There is a queer smell in the back room of the District Attorney's office. It doesn't stay just there, but floats about the grim corridors in gassy whiffs, until Billy, the porter, mutters:

"That motorcycle's crying again."
Yes, that is what it is—the battered wreck of a red-devil motorcycle that the speed policeman brought in from the San Lorenzo boulevard. Nobody knows much about it, nor what to do with it now. It was found one morning lying a little way from the death curve and close beside it a boy—dead. They were brought back to Oakland, the motorcycle and the boy. They did something with the boy, buried him maybe, in the county graveyard where the unknown lie, but the motorcycle, that was harder to decide. Sell it to the second-hand shops, maybe—but then relatives or friends might come, for after all to die utterly alone isn't such a common occurrence even in a District Attorney's experience. And so it's waiting, just waiting, poor, battered thing, with the dust of that last ride still thick upon the grimy wheels, the handlebars a bit bent and rusty, the seat wrenched sideways, as the boy hurtled to his death.

The men in the office laugh and swear and smoke. But the motorcycle they let alone. It puzzles them a little. Perhaps sometimes they wonder about the boy, more likely they do not. There isn't much time for the living to remember the dead, even the unknown dead who lie nameless in the county burning ground.

But the motorcycle—it remembers perhaps, for once in a while it sheds a great gassy tear which oozes down along the floor and leaves an ugly stain on the brown-flowered carpet of the private office.

Then people sniff and look about uncertainly and wonder what it can be. And Billy comes and opens the windows and dries up the tear. And the only mark is a little stain on the brown-flowered carpet.

SKULL BROKEN, LIVED LONG.

WOODLAND, Cal., Aug. 28.—After having lived for twenty years with a fractured skull, which has caused continual pains in the head, George Thomas Hennigan, wealthy rancher of this city, died in a San Francisco hospital, where an operation had been performed in the hope of saving his life.

Twenty years ago the farmer was kicked in the head by a horse. It was not suspected that the injury was more than a severe concussion. Upon the operating table it was found that the kick had broken the walls of the cranium. Hennigan was 62 years old, a native of New York.

DOY WEEPS FOR DOY WEEPS FOR FOSTER MOTHER

**Law Compels Her to Return
Lad to Parent Despite
Tears.**

LOS ANGELES, Aug. 28.—It was a question whether the ties of blood were stronger than those of the mother instinct which reaches out beyond the family when Mrs. C. F. Robertson yesterday drove up to the home of Mrs. William T. Glodfelty to claim her three-year-old son.

Mrs. Robertson demanded the return of her boy, who had been in Mrs. Glodfelty's care. Mrs. Glodfelty refused to let him go and when they attempted to tear him from her arms by force she displayed a revolver and threatened to shoot.

Whatever the claims of Mrs. Glodfelty's love for the boy, who had learned to know her as his mother, they were not recognized by law. Mr.

nile court and there secured an order to have the child brought in.

Judge Works issued a temporary order to have the boy placed in custody of his parents. Mrs. Glodfelty then gave up active resistance and wept.

"Please, mamma, take me with you," begged little Cecil of his foster-mother.

"I can't," she said. "They say it's the law, but it ain't fair."

Then she gathered him in her arms, gave him a farewell kiss and he was soon speeding away toward Lankershim with his mother and stepfather.

Last June Mrs. Glodfelty, 240 North Alma street, sought to adopt a child. Mrs. Robertson, she says, had married a man with five children and thought it best that her boy, Cecil, should have another home.

The boy was sent to the Glodfelty home with the understanding that if everything proved satisfactory they were to adopt him. Recently Glodfelty had adoption papers prepared by Attorney C. C. Mishler. Yesterday Mrs. Robertson appeared and said she had decided not to give up the boy. Then followed the struggle for his possession, in which Mrs. Robertson was upheld by the court.

Glodfelty said he would continue the fight to gain possession of the boy through the courts.

DEMANDS DIVORCE FOR HIS CRUELTY

**Berkeley Contractor Sued by
Wife, Who Recites Long
List of Abuses.**

Telling his wife that he was going to Los Angeles on business and that he would return in a week, Luster E. Parks, a contractor of Berkeley, prolonged his absence indefinitely, according to the divorce complaint of Evelyn E. Parks filed today. She declares that he departed on April 18 of this year and that a week afterward she found on his desk a letter addressed to her in which he stated that he was undecided whether or not he would ever return.

The plaintiff alleges that her husband had caused her great mental suffering by coming home frequently in an intoxicated condition and that he was abusive in his language. She declares that he once became angry at her while they were returning home from the theater, and that he snatched her hat from her head, tore the trimming off and threw the hat in the street. On another occasion she states that he became greatly enraged because she had purchased tooth-paste instead of tooth-powder, and that he dragged her from bed at 2:30 in the morning and forced her to brush her teeth.

The plaintiff alleges that her husband constantly objected to her friends and that he would treat them in a rude and insulting manner when they called at the house. She says that he once threw a glass of beer over her head while she was talking with a friend over the telephone.

TELLS CONVICT'S PAST; ARRESTED

**First Action Taken Under New
Law Against Informing
on Prisoners.**

SAN FRANCISCO, Aug. 28.—The first arrest under section 650A of the penal code, which makes it a misdemeanor to inform an employer that one of his workmen is an ex-convict, was made today, when Fred Schroeder, a painter, was taken into custody.

Schroeder appeared in Police Judge Crist's court. His case was continued until tomorrow, when Parole Officer White will be ready with his witnesses and will aid in the prosecution.

Schroeder and Peter Wiert have been living at 1224 Post street, in a lodging-house conducted by R. Wallace and wife. It is alleged that Schroeder told the Wallaces that Wiert had been released from San Quentin only two months ago and that they in turn notified his employers, McDonald & Fraser, contractors, who dismissed him the same day.

Wiert was sentenced to a year and a half in prison on a charge of assault with a deadly weapon. He was committed from Los Angeles, and his offense is said not to have been a serious one, but the result of a passionate argument. In many courts the charge would have been reduced to a misdemeanor and a short county jail term prescribed.

Heretofore ex-convicts, have claimed that they were forced back into crime by the hounding of officers of the law and informers, who delighted in frustrating their efforts to obtain honest work by telling their employers the story of their prison career. The new law had been formed to abate this evil, and as far as known here Schroeder is the first man to be arrested under it. The offense is a misdemeanor, punishable by a county jail term, a fine or both.

Peace Reigns in San. Domingo After Session

WASHINGTON, Aug. 28.—Peace loomed today in turbulent San Domingo, where President Dordais had promised to resign and leaders of all elements agreed to disarm their followers and release political prisoners. The agreement was reached after conferences between the contending leaders and the American peace commissioners.

Fredericks, Standard Bearer, Means Tremendous Victory

By an emphatic vote the Republicans of California have selected Captain John D. Fredericks of Los Angeles as their candidate for Governor at the November election. This action will emphasize the triumph of the Grand Old Party and make its return to power overwhelming.

Captain John D. Fredericks is one of the sterling citizens of this commonwealth. He is a man of tremendous courage, of commanding ability and unimpeachable honesty. He is sincere in his convictions and imbued with a strong desire to constantly do that which is right. He is a believer in economy in government and the administration of public affairs with equal and exact justice to all men.

His Republicanism is unquestioned, for he is no vacillating person, but a profound thinker and having decided on a course of conduct fails not in following it.

He is an independent citizen and no man's man is Captain John D. Fredericks. No individual, class or faction will dominate affairs when he shall have taken the reins of authority, for he will be the executive. So much for the personality of the candidate.

His election will mean much to California. With the Panama canal just opened and a new highway of commerce from ocean to ocean in condition to increase the trade of the world with California a hundred fold or more, this State faces prosperity in a marked degree if the right sort of officials are elected. Capital is looking this way for investment and only wants the assurance that it will be protected in its reasonable and legal rights to pour a golden flood into channels of trade through new factories and new enterprises of all kinds. Thousands of persons are looking this way for new homes, only wanting the assurance that having established them opportunities will be not wanting in order that they may earn a living. With John D. Fredericks governor these classes will be assured of reasonable, firm and equitable statutes that will be a protection to the toiler and the investor alike.

John D. Fredericks will be elected. In the contest for the nomination just closed there has been no bitterness and the supporters of all Republican aspirants will rally under his banner and march to a victory that will long be remembered in history. He will receive a majority so overwhelming as to bury from sight forever those who are opposing Republicanism in this State and align for the next half century this Golden Commonwealth with the party of progress, protection and prosperity.

His selection as a candidate has been hailed with delight from one end of this State to the other, and on November 3d next he will be endorsed, not only by members of his own party by a majority nearly a quarter of a million strong, but by men and women of other parties who see in him a man who will stay the extravagance, the frivolity, the useless actions that have characterized this State government for four years.

John D. Fredericks is a solid citizen, a sound lawyer, a highly-educated man, and will make one of the best executives this State has ever been fortunate enough to select.

COSTS MONEY TO FEED GREAT ARMY.

There are many who believe the war in Europe will be a lasting affair, but we cannot share the view. It costs too much to feed armies and the difficulties in providing the great hosts with adequate provisions are great. Intimations have been received that this early in the fight the German army invading France by way of Belgium has already experienced trouble, and one authority declares that from 900 to 1100 cars of provisions and forage for animals are daily required. Such a drain on home stocks will soon exhaust supplies on hand and it looks as if German ships of commerce were tied up to an extent that getting in stuff from the outside is well-nigh impossible.

One correspondent abroad says that the daily ration of the German army in time of peace shows 60,130,000 pounds of bread, 16,130,000 pounds of bacon, sausage, beef, fresh and salt mutton, 120,330,000 pounds of potatoes, 1,365,000 pounds of sugar, to say nothing of rice, salt, coffee and beans. These estimates were made when the army was on a peace footing. With the advent of war the quantities would naturally be less, but the increased prices and costs of transportation will more than make up the \$12,500,000 daily expense. This bill does not include costs of forage for horses, ammunition and other necessities of war.

The expenses of all the armies in the field will doubtless equal those of Germany, man for man, hence it is easily perceived that if this strife is not ended early some of the boys in uniform over the Atlantic are going on short commons before the completion.

Benjamin K. Knight, for many years district attorney of Santa Cruz county, has been elected Superior Judge by a vote of more than 2300, or about three to one over Judge Lucas Reversible Smith. This is the worst reverse Judge Smith has ever encountered. THE TRIBUNE congratulates Judge Knight on his election and the people of Santa Cruz county on the result. Judge Knight is an attorney of eminence and ability, a conscientious, well-balanced jurist and a man who will make a record for fairness, even-handed justice and a knowledge of the law.

Receivers having been appointed for a New York Pump Company, it is inferred that the recent rise in the price of milk was unavailing.

Because of a shortage in German drugs eastern dealers take a gloomy view of the situation. But as long as we have the old familiar dandelion root, sassafras and pennyroyal to fall back on the mass of people will not worry.

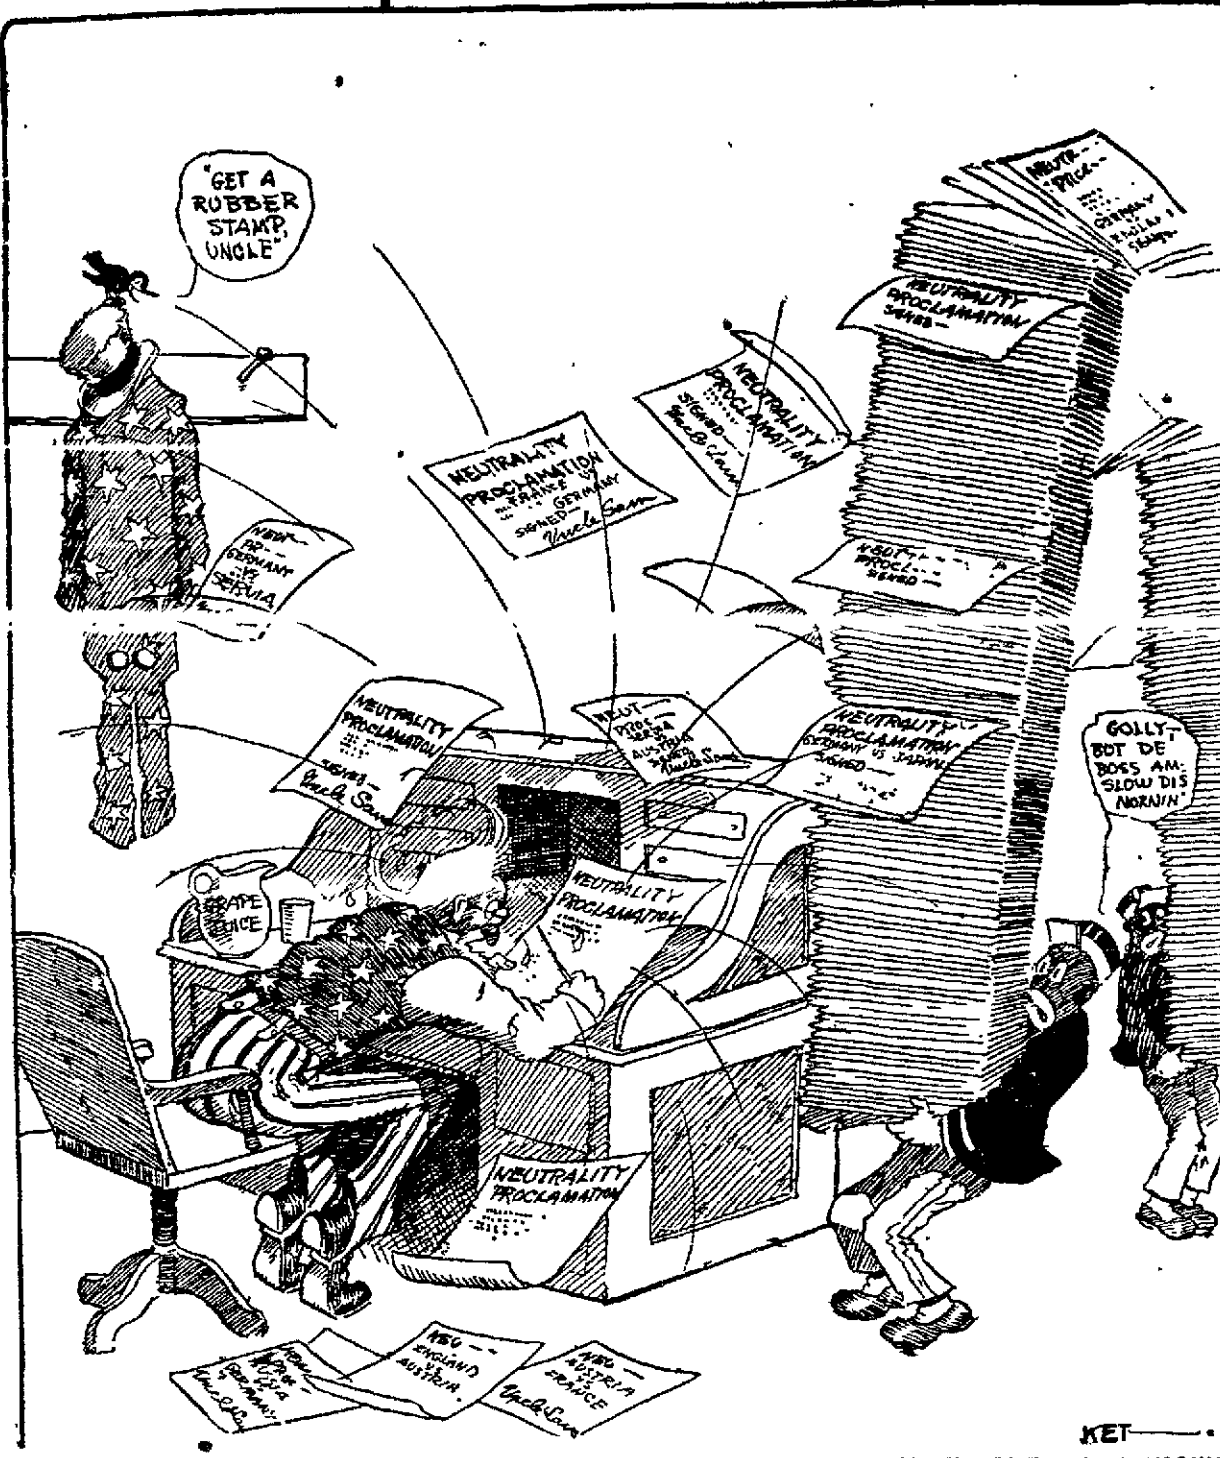

The honor of being selected as a member of an election board will hereafter be avoided rather than sought.

"What do they reckon who sit aloof on thrones?" asks a passionate poet in a war spasm. Spell reck with a "w," young man, and the answer may be found in the headlines of almost any paper.

Among the other horrors of war we read that New York is a grand opera.

Atlantic City advertises "novelties in bathing suits." Must have some California girls there on a visit.

THE BUSIEST MAN IN THE COUNTRY

—BY THE OAKLAND TRIBUNE CARTOONIST.

FATHER SENDS SON TO CERTAIN DEATH.

Dispatches from Paris tell of the heroic conduct of Colonel Folque, commanding a division of artillery at the front in the battle below Liege. He needed a few men for a perilous mission and called for volunteers.

"Those who undertake this perhaps will never come back," said the colonel, "and he who commands probably will be one of the first sons of France to die for his country in this war."

Volunteers were numerous. A young graduate of a polytechnic school asked for the honor of leading. He was the son of Colonel Folque. The officer paled, but made no resistance and the young man led the party to the assault. He did not return.

There may be those who will say that to the boy belongs the greatest measure of credit for bravery; that he faced the certainty of death, but the fathers of sons in whom they delight know better. There was more of the real heroism on the part of this high-minded officer than in the volunteering of his son. The one is now at peace under the skies where the stars shine and the dews fall, and for him there is no more sorrow nor pain, but for the sire is yet to continue and continue the ache and the misery, the dull, numb feeling that tightens the heart cords and forbids their vibration. In permitting his boy to lead the forlorn hope this knightly gentleman of France no doubt figured all the costs of his action on the instant, but in the face of the necessity, realizing that examples are needed to inspire the youth of his nation to die for their native land nodded his head and by his affirmative action devoted all his remaining years to sadness. It is a brave man who will storm an escapement or charge an abatis, but a still braver one who can send his loved one to certain death in behalf of a cause for which he is fighting.

There is one thing about the colonel that is consistent; he many times recalls his own decisions.

California rice growers should cheer up. The price is advancing. California consumers can do as they please about this.

"Dum Dum" bullets, made with a soft point, or hollow nose so as to expand on contact were first made in Dum Dum, British India.

GERMAN SOCIALISTS ARE FOR FATHERLAND.

Newspapers which some time ago reported that "one hundred Socialist members of the Reichstag, including Leader Liebknecht," had been shot by order of the Kaiser—an insane story, by the way—will no doubt fail to appreciate the attitude of the Socialist-Democratic party of Germany in its stand for the Fatherland during this war. For, despite the fact that the Socialists do not believe in war and have criticized the imperial policies of the emperor and his allies and have disclaimed all responsibility for bringing about the strife, they are standing by the country.

Herr Hugo Hasse, one of the leaders of the Socialists, recently made an address in the Reichstag in which he said:

The question that confronts us now is not whether we are for or against war, but what measures we must adopt for the defense of the Fatherland. Our heartiest good wishes are with our brothers who have been called to the front. To mitigate the misery which will follow in the wake of war is our duty. But we must recognize that the independence and higher interests of our country demand a victory over the Russian despotism which has stained its hands with the blood of its noblest sons. Today we redeem the promise made long ago. In the hour of need the country can count upon us.

That is the statement by the leader of the Socialist group in the lower house of the German Parliament that the Socialists have never been for international peace as against the primary interests of Germany. It has been assumed that Germany would be weakened by defections on the part of the Socialists. But as a matter of fact no such defection exists. Germany is united, socially and commoner in the struggle.

San Francisco announces that sheet music has doubled in price, due to the European war. But over on the other side the bullets are singing at the same old figures.

Cole Bleasie has been defeated for re-nomination for Governor of South Carolina. That's some consolation.

Twenty Years Ago Today

C. G. Dodge is now an avowed candidate for Assemblyman in the Fifty-first district. L. J. Hardy of the Seventh ward and J. Keirhof of Golden Gate are in the race for the Republican nomination.

The lines in the contest between Senator Eli Denison and William Hietmann are commencing to be closely drawn in the Fourth Ward. Both of the gentlemen want the nomination for State Senator.

Will Church, who is a candidate for supervisor, has made a solid combination with Senator Denison.

James Stanley is now squarely in the fight for the Republican nomination for County Treasurer.

George H. Richardson, president of the musicians' union, and a loyal Republican, is out for the Assembly for the Forty-eighth district.

The Empire Mining Company of this city filed its articles of incorporation with the County Clerk today. The corporation has been formed for the purpose of working the Empire mine, situated in the French Gulch district, in Shasta County. The capital stock is \$250,000, all of which has been subscribed. The subscribers and directors are: John H. Morton, William B. King, Grace V. King, Alameda L. Bell, H. H. Bell.

The "Councilor's Wife" was played by the Charles Frohman Company before a large and well-pleased audience. "Sowing the Wind" is next on the repertoire.

The world-renowned band virtuoso, Alfred A. Farland, has been engaged to give a concert in Oakland. His repertoire consists of selections from the great masters, Rossini, Dussak, Beethoven, Chopin, Paderewski and Schubert.

Harry N. Morse has returned from his trip to New York City.

HALF-MINUTE SMILES

Mrs. Exe—I'm going down town this morning.

Exe—Shopping, my dear?

Mrs. Exe—No. I haven't time for that; just to buy a few things I need.—Boston Transcript.

"I say, old chap, I'm in shocking luck. I want money badly, and haven't the least idea where I can get it."

"Well, I'm glad to hear that. I thought perhaps you had an idea you could borrow from me."—Sydney Bulletin.

"Where," said the land agent, addressing an audience of possible purchasers, "where else on the face of the globe will you find in one place copper, tin, iron, cotton, hemp, grain, game?"

A voice replied.

"In the pocket of my youngest son."—New York Globe.

With hisses and groans the audience greeted the new play. All hope, then, was at an end.

"It's hard to tell just what the publisher wanted, but the publisher's author."

"It's easy enough to tell in this case," said the manager, grimly. "It wants its money back!"—Chicago News.

An English minister, who guarded his morning study hour very carefully, told the new maid that under no circumstances were callers to be admitted—except, of course, he admitted, in case of life and death. Half an hour later the maid knocked at his door.

"A gentleman to see you, sir."

"Why, I thought I told you—"

"Yes, I told him," she replied, "but he says it is a question of life and death."

So he went downstairs and found an insurance agent.—Philadelphia Public Ledger.

PENSIONS MAY GO DOWN

The cost of military pensions to the Government of the United States, which reached its summit in the fiscal year now ending, is expected to begin to go down, and will undoubtedly go down rapidly, unless the amounts paid to individual pensioners are again increased by Congress.

During the first ten months of the present fiscal year the number of Civil War veterans on the pension list decreased from 462,000 to 435,000 and 5000 additional names will be dropped by the time the year ends. The pension estimates for the next fiscal year are, therefore, fixed at \$169,000,000, as against \$180,000,000 for the present fiscal year. Eleven millions of dollars does not seem very much when compared with \$169,000,000, but it is a considerable sum, and adding it to the reduction anticipated in the next twelve months, the decrease in this branch of governmental expense should equal the sums raised by the income corporation tax.

It is interesting to note in connection with this expense of \$180,000,000 for military pensions in the present fiscal year the sums paid out by other warlike nations for the same purposes. Germany paid out only \$110,000 in the past year; Great Britain \$117,843.—Pittsburg Post.

MARKETING SCHOOL PRODUCTS

Letting the children market the school garden products and reap the financial benefits is a mighty wise thing to do. It would have been a mistake to have diverted the money to school use, although it might have been done. The children, in prosecution of their work. It is distinctly the city's business to provide for all that sort of thing, and in addition to do whatever may be done to lighten the interest of the school children in this very interesting and very important matter of school gardening.

The best possible way to do all this is to let the children enjoy the fruits of their labor as it may suit their own inclinations. The children, in prosecution of their work. It is distinctly the city's business to provide for all that sort of thing, and in addition to do whatever may be done to lighten the interest of the school children in this very interesting and very important matter of school gardening.

RADIUM IN "EMPIRE"?

The discovery of pitch-blende in the Columbia river valley near Golden, B. C., has been announced. Radium emanations in the water of a spring in that locality indicates the presence of radioactive ore, and a deposit of radium is also thought to exist near Fort Steele, B. C. The Vancouver chamber of mines has proposed that a radium institute be founded in Vancouver.—Pathfinder.

GIANT HORSE IS SOUGHT IN HILLS

"Moropus" and Other Prehistoric Creatures Objects of Scientists.

OMAHA, Neb., Aug. 23.—In search of a giant horse that roamed the Nebraska country three or four million years ago, scientists from universities are gathering at Agate Springs, Neb., at the southern end of the Black Hills. Instead of a harrier, however, the scientists are using picks, shovels, drills and dynamite in their search for the father of horses.

The scientists from the American Museum of Natural History are already in the expedition from Yale has just arrived and will remain for six weeks. Carnegie museum has had an expedition in the same field for three consecutive summers and it is supposed that institution will again prosecute its search for the big horse. Amherst has hunted the same prehistoric animal for several years, but has made no arrangement to put an expedition in the field this summer. University of Nebraska, the only educational institution to succeed in capturing a complete "moropus," the name by which the big horse is known to science, will thus year turn its geological expedition in another direction.

HORSE AND RHINO.
Harvard's expedition to Nebraska will spend its time on archaeological exploration instead of delving for the remains of prehistoric animals. The scientists from the American Museum of Natural History are under the personal direction of Albert Thompson, who has already spent three summers in an unsuccessful effort to secure a moropus for the institution which he represents.

The moropus is, it was, a cross between a horse and a rhinoceros, an armadillo and two or three other animals, and withal was an altogether impossible beast. In size it was almost monstrous. The head, as shown by the skeleton remains, was almost identical with the head of the modern horse, but the neck was arched like that of a blue-ribbon winner. In the body the animal resembles a rhinoceros, being extremely heavy and having large folds of tough skin hanging loosely. Instead of hoofs the moropus was supplied with four giant claws at the extremity of each leg. With his big claws and great strength the moropus was well equipped to defend himself against the other terrible beasts which roamed the earth.

Years ago scientists discovered the teeth and ankle bones of the prehistoric animal which they named "Moropus." By anatomical methods they reconstructed the beast and found that it resembled the horse, rhino and other animals. These bones were found in different parts of the country west of the Missouri river. Sixty-four years ago the University of Nebraska scientists discovered a complete skeleton of the great horse and today it stands in the museum of that institution. It has been a source of envy to the other great museums and schools, and since its discovery they have vainly searched for skeletons for their own collections. These searching parties have spent their time at Agate Springs, in Sioux City, Neb., the greatest fossil bed in the world. The great horse and the surrounding 15,000 acres of land are the property of Captain James Cook, a famous Indian hunter and guide, and in honor of Mr. Cook the big horse bears the official name of "moropus cooki."

PREHISTORIC ANIMAL MINE.
Just in the rear of the spring there stands a high hill known as University Hill, and in the sandstone strata of this hill are found the remains of more different kinds of prehistoric animals than anywhere on earth. Captain Cook has dedicated this spot to science, and there is scarcely a day when the hill is not from a dozen to half a hundred scientists excavating in the recent geological formation yet located. Some time ago the University of Nebraska took from the quarry a slab of stone six feet long and four feet broad, in which were imbedded the remains of a mammoth, a rhinoceros, a horse, the moropus, the giant horse, several kinds of deer, a giant hog and a number of other animals which have no counterpart upon the earth today.

But the particular quest this year is for moropus cooki, and the scientists are high in hopes that they will uncover a pocket of these animals before the summer is over.

BEAR LOOKS LIKE TWIN IN SPEEDY TRAVELING

KANSAS CITY, Aug. 23.—Maybe there are two bears abroad in the suburbs of Kansas City.

One is known to be in the vicinity, having escaped from the Swope Park bear pits.

But he is either twin or a mighty speedy traveler. For two nights ago he was seen in Leeds, while, at the same time, bear tracks were found in Mount Washington. Last night he was shot at by fishermen on the Hudson, and his tracks were again discovered in Mount Washington.

H. C. Lomax, 420 Arlington avenue, Mount Washington, discovered this morning a huge limb had been broken from an elm tree in his yard. There were bear tracks all about his house. J. W. Cullen, head game keeper at Swope, and his assistants will follow up the tracks in another effort to land Bruin.

VALLEJO AND MARE ISLAND

NAVY YARD EMPLOYEES MAY VOTE MORNINGS

MARE ISLAND, Aug. 23.—Commander F. M. Bennett, U. S. N., of Mare Island is advocating the scheme that hereafter when the mechanics employed at the navy yard have hours off in which to vote they cast their ballots in the morning and go to work at 10 a. m., instead of leaving for Vallejo at 3 p. m., as has been the case in the past. One reason for this proposed change in plans is that the mechanics who live out of the city have a hard time returning to their homes before the polls are closed.

MARE ISLAND NOTES

MARE ISLAND Aug. 23.—Assistant Naval Constructor James Reed Jr., U. S. N., formerly attached to the Bremerton naval station and recently attached to the Pacific fleet at Mare Island, has been ordered to Mare Island for duty as assistant to Naval Constructor H. M. Gleason, U. S. N., Hull Department official.

It is expected that when the cruiser West Virginia arrives at Mare Island next week, the ship will be met by the shipyard's California and Maryland will proceed to San Diego and after granting liberty to the men at that port the vessel will come to Mare Island for their needed docking and repairs.

More job orders were issued today for repairs on the destroyed Hull and the vessel will not be able to leave the local yard until at least Friday.

Naval Constructor H. M. Gleason, U. S. N., returned to Mare Island after a successful deer hunt.

According to a radiogram received at Mare Island from the cruiser Buffalo the navy yard radio crew will not complete their work of repairing the Cordova wireless plant until September 20.

The army of St. John arrived at Mare Island yesterday afternoon to remain at least fifteen days, undergoing her needed overhauling at the hands of the station mechanics.

Before the Irls and the destroyers of the second torpedo boat division come to Mare Island next month they will have their annual target practice near San Diego.

Repair letters were received at Mare Island today for the cruiser Denver as well as the repair ship Glacier.

Five applicants took the required examination at Mare Island today yesterday, the position of watchman at the navy yard. The job pays \$2.50 per diem.

VALLEJO GIRL WEBS

VALLEJO, Aug. 23.—An early morning wedding was celebrated at St. Vincent's church yesterday morning when Rev. Father C. V. Lamb officiated at the ceremony which united Joseph F. Callahan, a prominent resident of Vallejo, and Miss Frances Ellen Driscoll of this city. The wedding was a simple affair being attended only by Daniel W. Driscoll and Miss Mary Driscoll, brother and sister of the bride, who acted as best man and bridesmaid.

MOTORCYCLISTS TO BE GUESTS OF VALLEJO

VALLEJO, Aug. 23.—The children well represented at the big motorcycle meet which is to be held in Stockton September 5, 6 and 7. Gus Aelterman will head a party of at least fifty speed burners who will leave here Saturday afternoon, September 4th, for the slough district. A big parade will be held through the streets of Stockton and at least 1000 machines will be in the line of march. Following the parade a dance will be held and the dealers will hold a meeting to be followed by a banquet.

VALLEJO GIRL WEBS

VALLEJO, Aug. 23.—The children attending the Vallejo public schools are to have three holidays during the celebration period next month, the close of education at its meeting last Wednesday night having decided to board the schools of the city on Monday, Tuesday and Wednesday, September 14, 15 and 16. These three days in addition to Saturday and Sunday, September 5 and 6, will give the youngsters five holidays in succession.

GARLIC YIELDS BANNER PRICES

Hayward Growers Receive \$9 Per Sack Since Start of War.

HAYWARD, Aug. 23.—The large supply of garlic laid in by wholesalers may be consigned to one of the warring countries in Europe. Hayward growers are getting \$9 a sack for garlic which was sold at about 9 cents a pound. Before the outbreak of the war growers were willing to sell at \$4 to \$5 a sack and the buyers thought that too high a figure. According to A. M. Silveria, a fruit and vegetable merchant of this city, a further rise is due in the price of garlic.

Large quantities of dried apricots are also being sold at high prices. Germany buys a large quantity of apricots from this district and it is stated that the commission men are offering fruit dryers from \$8 to \$10 a ton if they will agree to cancel contracts for dried apricots.

A ready market has been found for silver prunes grown in Hayward orchards and the fruit growers will be able to dispose of much of the fruit, intended for foreign countries, in markets in the United States unless it can be shipped to Europe.

HAS WAR EXPERIENCES.

SAN LEANDRO, Aug. 23.—R. W. Graft will arrive home next Tuesday from Europe, where he had experienced some episodes of the war. He was traveling in France when the hostilities commenced and had difficulty in making his way to England. He was forced to travel in the steerage of the steamer St. Louis to get to the United States. Graft has reached New York and will come right on to California.

OBSERVE GOLDEN WEDDING.

FRUITVALE, Aug. 23.—The golden wedding anniversary of Mr. and Mrs. A. J. Perkhams, of Fruitvale, was celebrated at the home of their daughter, Mrs. H. C. Wilcox, of 3046 Piety avenue, Wednesday evening. Thirty-two guests attended a dinner in honor of the occasion and the popular couple received congratulations by telegram and letter from a host of friends here and in the east. Mr. and Mrs. Perkhams came here several years ago from New York state to reside with their daughter.

REBEKAHS PLAY WHIST.

FRUITVALE, Aug. 23.—Marion Link Lodge of Rebekahs will give a whist party in Lincoln hall next Wednesday evening. Mrs. Campbell, chairman, Mrs. Jennie Whitmore and Mrs. Helen Richmond are on the arrangement committee.

YOUNG COUPLE MARRY.

FRUITVALE, Aug. 23.—Marion Stromberg, son of Mr. and Mrs. F. W. Stromberg, and Miss Ruth White of Oakland were married in St. Elizabeth's church Tuesday. Rev. Father Idephousse officiated at the ceremony, which was witnessed by many of the relatives and friends of the couple. Mr. and Mrs. Stromberg will live in Oakland after a honeymoon trip. Stromberg is a member of St. Joseph's Young Men's Society and is a well known athlete around the bay. His bride is an accomplished musician.

INITIATIVE LAWS GIVEN KNOCKOUT

Judges Sustain Washington State Secretary in Refusal to Certify.

OLYMPIA, Wash., Aug. 23.—Judges John R. Mitchell and C. E. Claypool of the Thurston county Superior Court yesterday sustained Secretary of State I. M. Howell in his refusal to certify initiative numbers seven, ten and eleven for places on the November ballot. These are the measures proposing the abolition of the State Bureau of Inspection, the so-called anti-pork barrel road bill and the so-called fish bill. The two judges who heard the cases en banc and who still have three of the six cases filed awaiting their decision, decided their duty was to review the action of Secretary Howell in his count of the petitions, but was rather a scrutiny of the petitions themselves without regard to Howell's action.

WOMEN'S CLUBS DISCUSS HIGH COST OF LIVING

FRUITVALE, Aug. 23.—California is a land of plenty and yet the price of foodstuffs continues to rise. It was pointed out at a meeting of the Council of Women's Clubs East of Lake Merritt, in the Fairlawn Hotel yesterday afternoon. The members discussed the question of the high cost of living and the proposed institution of municipal markets. That the local distribution of foodstuffs could be better managed than at present was the opinion of several speakers who addressed the club, including Mrs. E. W. Barrett and Mrs. Elizabeth Rousevelt. Great quantities of fruit and vegetables were allowed to go to waste in California, it was stated, as the farmers found it unprofitable in many cases to ship their products to market. The council wants an investigation made into two reasons for this wastage. A general discussion of the cost of living was taken part in by the clubwomen.

WILSON TAKES TRIP; WRITES PROCLAMATION

WASHINGTON, Aug. 23.—President Wilson left Washington yesterday for the summer White House at Cornish, N. H., where he will remain until Tuesday.

The president went away to rest. Much of his time will be spent, however, in the preparation of a proclamation suspending certain provisions of the navigation laws in order that foreign ships owned by Americans can more profitably send themselves of American registry in accordance with the new act of congress.

TESTIFIES BEFORE INDUSTRIAL BODY

Wyllie Giffen Tells Federal Commission of Experiences With Labor.

SAN FRANCISCO, Aug. 28.—By organization alone can farm labor in California raise its standards, Wyllie M. Giffen, a fruit grower and packer of Fresno, California, declared before the Federal Industrial Relations Commission today. Collective bargaining, he said, had been practiced successfully for years between ranchers and Hindu, Japanese and Chinese labor and he saw no reason why this system should not work equally well between American workmen and their employers.

"I have come to this conclusion against my will," Mr. Giffen said, "but I realize that only by organization can farm laborers ever elevate their standards. We employ the best of men and we pay them the best of wages, but we are not successful in most cases, in obtaining advanced wages and conditions for ourselves."

"But what advantage would organization be to you as an employer?" Commissioner Weinstein asked.

"Only the advantage of knowing that my men are better off and of having to deal with one big agent instead of a number of men instead of each of them. We employ Japanese, Chinese and Hindus through an agent for each nationality. He is responsible for the performance of the men's duties and the system is successful."

Mr. Giffen started work as a farm laborer 20 years ago, but he said that he did not believe the chances of a worker advancing today were as good as they were then through the increased cost of land and increased cost of living.

J. B. Dale, an organizer for the State Federation of Labor, testified that organization of farm labor would be easy if employers would co-operate with their employees. The American Federation of Labor now is granting charters to bodies of farm workers.

CAR HITS BULL AND IS DERAILED; ONE INJURED

STRANGE, Aug. 28.—Northbound Streetcar line electric which left Olaf, hit a bull lying on the track a mile south of Lenexa 20 minutes later and was derailed. Motorman J. G. Vinton of Olaf was injured.

The bull, a 1600-pound shorthorn, the property of Sidney Munn, a cattle buyer for the Cudahy plant, was a ranch hand. Lenexa, had stopped cars several times this week, by trespassing on the track. Last night the animal was lying down and the car was almost upon it before the motorman saw it.

The impact turned the car over on its side against a transmission pole which prevented a drop into a ditch 15 feet below the track. The car was derailed.

Vinton jumped from his compartment after setting the brakes and was hurled through the vestibule door. He was brought to St. Mary's Hospital here, where it was learned his spine had been wrenched and his chest bruised. His injuries are not thought serious.

Three other passengers on the car, two women and three boys. One of the women sustained a badly sprained ankle and a boy, standing on the rear steps, was thrown some distance by the impact. The accident occurred at Connor Road crossing.

LEAVES \$25,000 FOR FOR POOR DOWN-AND-OUTS

DENVER, Col., Aug. 28.—What's something like \$25,000 lasts the man that is down and out, if he is one who Attorney Edward L. Shannon might think worthy, he is going to share in the fortune left by Mrs. Christiana Evans, who died last night.

By a clause in the will of Mrs. Evans, who was a widow and had lived in Denver nearly thirty years, it became known yesterday that the "fortune" is to be bequeathed by the money she left.

The will, after bequeathing \$10,000 to the Craig Colony, \$5000 to the Children's Home, and \$5000 to the city of Denver, provided that the remainder be used by Shannon, who had been her friend and attorney, in the distribution of aid and succor to those who needed it, as he saw fit to distribute it.

The appraisement of the estate has not been finished, and Shannon believes \$25,000 or more will be the sum left to him to dispense.

"The will made no restriction concerning any particular person or persons or kind of charity the money is to be given to. The bequeather wanted only that it be used for the doing of good for the relief of suffering and want."

AUGUST 28, 1914.

Fifty years ago today the world's first railway mail car was given its official test. Two miles were responsible for the idea. Before that day the mail was distributed according to addresses at certain designated postoffices, which usually were the distributing points of the whole states. They have separated in a single year nearly 1,000,000,000 pieces of mail matter, not including registered mail. They travel an aggregate distance of 500,000,000 miles every year on the 27,000 domestic transportation routes, having a combined mileage of 400,000 miles. The service has been raised to the highest point of efficiency today, and the present ratio of errors in distribution has been reduced to one in 10,000 pieces of mail. The clerks are expected to distribute the mail so that there will be no rehandling in the postoffices of large cities and to separate it into packages corresponding with each mail carrier's route in the cities. In the case of the largest cities they must separate it according to section or sub-stations. Considering the speed at which the clerks sort the mail, the swaying of the train plunging along at 50 miles an hour, the thousands of railway connecting points, the location of over 50,000 postoffices in the United States, and the necessity of the hand-written addresses, it becomes a marvel how the railway mail service can maintain a greater proportion of errors.

Today every nation in the civilized world is distributing a large part of its mail matter in railway mail cars. In the United States over 15,000 railway mail clerks are separating over 99 per cent of all the mail originating in this country and a large volume coming from foreign lands. GIRL IS SUICIDE; LOVER IS MANIAC

He Loses Mind After Attempt to Save Her Life.

GLADSTONE, Conn., Aug. 28.—Fearing disgrace, pretty Helen Miner, 16 years old, committed suicide by drowning in the Connecticut river. She was an employee at the factory of the J. R. Williams company.

Her sweetheart, Michael Diadolinsky, 22 years old, to whom she was engaged to be married soon, is being guarded at the home of Dr. H. G. Richards, medical examiner of Gladstone.

He was taken there after he was forcibly rescued from the waters of the Connecticut river, into which he had dived in an effort to save his fiancée from death.

SEARCH IN RIVER. It was the girl's younger sister who first called attention to Helen's disappearance. She merely thought it strange, however, and obtained the privilege of going to her home in search of the girl. When she arrived Helen had not been seen there. The sister became alarmed.

Running breathlessly into the office of the superintendent of the factory, she told Williams her sister had disappeared. She told him, also, that Michael had not gone home after he was discharged. Williams became anxious. The boy, he knew, was a serious-minded lad. He feared he might have done harm to himself. He called Harold Forbes, the electrician of the factory, and John Roser, an electrician, and they went to the river bank together.

QUICK ACTION. The three were at a spot one-quarter of a mile below the Gladstone steamboat dock. The bank of the river at this point has for a background a big, deep meadow. They were waiting along searching the surface of the water for a trace of the girl or boy when suddenly an object popped to the surface within reach of shore. It disappeared almost instantly and as quickly reappeared. A boat was thrust out and the shoulders of a man rose to the surface.

Forbes ran to the edge of the bank and with a quick jerk threw the body to the shore. The three men grasped it and pulled out Michael Diadolinsky.

But he fought with all his strength to jump back into the river—fought until he could struggle no longer. His cries "Helen! O Helen!" were ear-splitting.

SAVE PRIZE BULLDOG: VESSELS MAKE RESCUE

DULUTH, Aug. 28.—The story of how three lake steamers turned out of their courses in order that the life of a dog might be saved was told when the W. H. Bixby of Detroit docked here.

Scott Worden, master of the Bixby, brought with him his pedigree bull terrier Tige on the trip up the lakes. Tige became a great favorite, particularly with Maurice McMillan, owner of the vessel, and Mrs. McMillan, who made the voyage. When in Whitefish Bay, the dog fell overboard, there was general consternation.

The Bixby had forged ahead two miles before it could turn and put back. Then, so Tige might not be run down, it signalled the steamer T. F. Cole, which had been following it, and a passenger steamer of the Northern Navigation Company, which was downbound, to turn out. The Cole steamed south and the other vessel north. The Bixby lowered a boat and Tige, swimming bravely but almost exhausted, was picked up.

JUDGE STARTS FUND TO HELP IDLE BOYS

CHICAGO, Aug. 28.—Municipal Judge Joseph Z. Ullrich in the South Chicago court today started a fund for the help of boys who come to Chicago to work and find employment. Two boys who were arrested yesterday as witnesses to an assault were arraigned before the judge on a charge of disorderly conduct. R. D. Sheridan, 17 years old, Jersey City, N. J., and his friend, Charles Smith, 18 years old, New York City, told the judge that they came to Chicago a few weeks ago to get work and that they had been unsuccessful. They were without money, they said, and had no prospects of getting any.

The judge said that he had long had the subject in mind and that he thought this the proper moment to start the fund. Mrs. L. Hindman, connected with the South Chicago court, will receive contributions.

HASTINGS ESTATE DISTRIBUTED.

Dividing the property equally between George A. Hastings, Hannah M. Hastings and Alice Hastings Hunt, Judge William S. Wells this morning handed down the decree of final distribution in the estate of the late Eben J. Hastings. The property consists of a one-fourth interest in 1144 acres of the Sulphur Springs Valley ranch in Solano county and a large number of lots in the city of Benicia.

RESINOL STOPS SKIN TORMENTS

How This Wonderful Ointment Ends Itching and Heals Skin Eruptions.

The soothing, healing medication in Resinol Ointment and Resinol Soap penetrates the tiny pores of the skin, clears them of impurities, and stops itching instantly. It has been used by doctors, nurses, and others for years, and clears away disfiguring pimples and blackheads, when other treatments prove worse than useless.

Resinol is not an experiment. It is a doctor's prescription which proved so wonderfully successful for skin troubles that it has been used by doctors all over the country for nineteen years. No other treatment for the skin now before the public can show such a record of professional approval. Every druggist sells Resinol Ointment (50c and \$1), and Resinol Soap (25c); but for trial, free write to Dept. 32-R, Resinol, Baltimore, Md.

SAN FRANCISCANS IN TENNIS FINALS

Qualify in Newport Tournament for National Championship Sets.

NEWPORT, R. I., Aug. 28.—Four players qualified in the matches in the sixth round of the all-comers' tournament for the national lawn tennis championship in singles, brought into the semi-finals scheduled for the national lawn tennis championship in singles, brought into the semi-finals scheduled for tomorrow Ella H. Fottrell of San Francisco, W. Norris Williams II of Philadelphia, Wm. J. Clothier of Philadelphia and Maurice

Three of today's matches were straight-set affairs. Fottrell defeating G. F. Touchard of New York, Williams putting out Karl Behr of New York, and Maurice defeating Wallace and E. Johnson of Philadelphia. To the surprise of the gallery the champion, Maurice E. McLoughlin, was compelled to play an extra set in his set with Clarence Griffin of San Francisco. The third set in this match, which Griffin won 6-3, was the second set that McLoughlin has lost since coming east in the spring. The other set was one which he dropped to Willing on the last day of the Davis Cup matches.

The committee placed the Williams-Behr match on the grand stand court and for two sets Williams so outclassed his Davis cup team partner that he allowed Behr only three games. Behr recovered his form in the third set, which he ran up 4 to 1, but this rally proved only a flash, for Williams soon tied the score and then ran out the set and match in two deuce games.

SHERIFF FEARS VIOLENCE AGAINST VICTOR INNES IN TEXAS

ACCUSED MAN MAY FACE MURDER

Officers Will Take Prisoners
From Train Before Reaching
San Antonio.

SAN FRANCISCO, Aug. 28.—Victor Innes, charged with murdering Mrs. Eloise Nelms Deans and her sister, Beatrice Nelms, protested vigorously this morning against longer detention in San Francisco, declaring his desire to face his accusers in San Antonio immediately. The reason for the delay is said to be advice from the sheriff of San Antonio that feeling was running very strong against Innes and his wife and that there was a possibility of violence on the arrival of the accused pair. It was stated, however, this morning that unless something unforeseen occurred the party would leave on the Sunset Limited tonight. It is probable that Deputy Sheriff Newton will take his prisoners from the train before reaching San Antonio, making the rest of the journey into town by automobile.

"I have not fought extradition. I am anxious to get to San Antonio immediately. I don't think they have any right to delay me here," said Innes this morning. When he was brought from his cell he carried his overcoat and hat, believing that the reporter's call had been a summons by the sheriff to continue the journey.

"They never even notified me that we were not to leave last night as programmed," he continued. "No, I haven't anything to say. I don't believe in talking through the newspapers. I have a great deal to divulge, but the time is not ripe for it."

Boom for Sulzer to Head Progressives

UTICA, N. Y., Aug. 28.—A boom for former Governor William Sulzer to head the state ticket was the feature of the Progressive state conference here yesterday. The conference decided to recommend a full state ticket. Colonel Roosevelt did not attend.

Four Killed When Tank Car Explodes

MINNEAPOLIS, La., Aug. 28.—Four persons were killed and three others probably fatally injured today near Savoy, La., when gasoline in a tank car of the New Orleans, Texas and Mexican Railroad exploded. The explosion occurred several hours after the tank car had been derailed in a wreck.

SENTENCED, HE WISHES HE HAD BEEN KILLED

"I wish I had been killed, Judge," declared Stanislaw Brezski as he stood before Judge F. E. Ogden this morning to be sentenced for burglary, throwing open his coat and displaying bullet holes in the garment. Brezski broke into the creamery depot of F. M. Anderson, 1337 Park street, Alameda, on the night of July 25, and was discovered by the police. In a chase along the streets, three officers rained bullets around him and several of the leaden missiles passed through his coat. Brezski served a term in San Quentin for a burglary committed in San Francisco, but this prior conviction was dismissed on the advice of the district attorney. Judge Ogden sentenced him to eight years in Folsom, designating this penitentiary at the request of the prisoner. Brezski is 34 years of age and has a wife in Poland.

ASSUMED FALSE NAME AND FREQUENTED COAST

Declaring that his wife has assumed the name of Irene Clayton and frequented dance halls on the Barbary Coast, Henry G. Hoesley today filed suit for divorce against Irene C. Hoesley. When the plaintiff remonstrated with her and asked her to stay at home, he alleges that she replied that she was over 21 and that she could do as she pleased. The couple were married in Carson City, Nevada, August 9, 1907.

G. M. Foster filed suit against W. S. Foster, alleging that he had frequently applied harsh and profane language to her in the presence of other people and that he had failed to provide her with money.

SENTENCED FOR ASSAULT WITH DEADLY WEAPON

Having plead guilty to an assault with a deadly weapon, Leslie Walker, a negro youth of 21, was sentenced this morning by Judge F. B. Ogden to two years in the county jail. The charge was the outcome of a quarrel with one Osborne Washington in a West Oakland poolroom on Feb. 28. In view of the fact that the prisoner had previously borne a good record, the court ordered imprisonment in the local jail rather than in a penitentiary.

Fred T. King was sentenced to a term of eighteen months in San Quentin for forging a check for \$27.50.

ELKS HOLD JINKS.

The Oakland Lodge of Elks, No. 171, held a big jinks and banquet last night at their headquarters. The entertainment consisted of contributions from members of the lodge and was followed by a lecture on "The Bertillon System," delivered by H. H. Caldwell of the local police department. A beautiful shalome supper and high jinks closed the evening. The committee of entertainment consisted of Fred Anderson, George Whipple, George (Name), Ed Horvinsky and William (Name).

World's Champion Producer of Butter Fat Sold for \$5010

PHILADELPHIA, Aug. 28.—May Kilbas, adjudged the champion fat producer of the world by the tests of the American Guernsey Club last April, was sold for \$5010 today at the sale of the herd of Cassatt's herd of blooded Guernsey cattle at Devon. The entire herd, which had been estimated to be worth \$100,000, was sold for less than \$21,000.

May Kilbas last year produced 19,639.5 pounds of milk which showed 1059.55 pounds of butter fat. She was bought by John P. Crozer of Upland, the only bidder.

MINE WORKERS AGAIN SERVE NOTICE

St. Lawrence Visited by Union
Committee and Men Given
Ultimatum.

BUTTE, Mont., Aug. 28.—A committee representing the Butte Mine Workers, the new organization opposed to the Western Federation of Miners, visited the St. Lawrence mine this morning and gave the men employed there notice that they would be compelled to join the new union within 24 hours. The men were permitted to go to work. The Anaconda mine, which closed down yesterday after a visit to the mine by a delegation of the new union which seized 24 men and marched them down the hill, is not operating today. The St. Lawrence, visited by a union committee today, employs 450 men. The Mine Workers' delegation has posted notices at the Original shaft that it would visit the mine Monday morning to enforce the rule that underground workers must belong to the new union. Leading business men are in conference today reviewing the local situation. Business interests in general see in a renewal of the jurisdictional quarrel among the miners a possible shutdown of all mines in this district.

900,000 Barrels of Oil Blaze From Lightning

OKLAHOMA CITY, Okla., Aug. 28.—Nine hundred thousand barrels of oil were reported burning last night in the Healdton and Cushing oil fields of Oklahoma. The burning oil was flowing into several creeks and little headway was being made by those battling the flames. Lightning started both fires last night. At Drumright, in the center of the Cushing field, a tank car owned by the Gypsy Oil Company, and following the main line and radiating pipes, ignited sixteen tanks and a lake of oil containing 500,000 barrels. Embankments were being constructed last night to check the flow of burning oil. In the Healdton field near Ardmore thirteen fires were started almost simultaneously. Last night the fire zone in this district was three miles in width and eight miles in length.

ATTEND FIREMEN'S SESSION.
SAN LEANDRO, Aug. 28.—Mayor J. J. Gill, Trustee Fred Schmidt and Fire Chief Bud Eber are attending a meeting of fire chiefs in San Francisco today. The heads of fire departments from all over the country are in San Francisco on their way to attend the fire chief's convention in Portland.

Of course he's up and coming. He followed our newspaper suggestions—bought one of our \$20 Suits at \$10.

Here's a bunch of this season's odd Suits—all A1, C. K. and 99% pure.

Only one Suit of a Kind—sizes 32 to 42 at ONE-HALF PRICE.

MURDER CLEWS DROPPED BY POLICE

Evidence Changes the Theory
of Mrs. Celia Stevenson's
Death.

That Mrs. Celia Stevenson, whose body was found yesterday in the Niles Canyon near Sunol, met her death from exposure and illness, and that there was no possibility of a murder, as first hinted in the case, was the official statement given out by the District Attorney's office this morning following a thorough investigation of the tangled mass of facts in which the woman's connection with a \$15,000 law suit was proved. That the woman had wandered down a trail, seeking the ranch of Joseph Champion, her nephew, was declared by the district attorney's office to be the solution of the mystery. A purse, containing a return ticket from Sunol to San Francisco, was found near the body. The woman's head lay on her own coat, folded into a sort of pillow. She was near the home of Al Champion, member of another family. The belief is that she was directed to the wrong ranch, and was returning in search of her nephew's home, is expressed by Assistant District Attorney Myron Harris.

NO SIGNS OF VIOLENCE.
"There were no signs of violence," declared Harris, "and furthermore, there was a deep well near the place where the body lay, and certainly any murderer would have thrown the body into the well or have a least hidden it in the shrubbery. The body lay within a short distance of the Champion home—not that of her nephew, but that of the other family by the same name—which heightens the probability of her having been directed to the wrong ranch."

The body was in an advanced state of decomposition, and little could be learned from it. An inquest will be held. Mrs. Stevenson was one of the contestants in the fight over the estate of Mrs. Matilda G. Quinn of Oakland, a suit involving \$15,000. She and her sister, Mrs. Matilda Deasy, were principals in the suit.

The body was found by a farmer, named Peterson, who notified the authorities. According to relatives the woman had been in poor health for some time. The Quinn estate contest has attracted considerable attention in the courts of Alameda and San Francisco counties. There is at the present time a suit pending in San Francisco in Judge Graham's court, and an investigation into the death of the woman has been ordered by the jurist. George S. Stevenson, husband of the dead woman was also named in the suit.

COURT INVESTIGATES.
District Attorney Fickert of San Francisco and the detectives assigned to his office this morning began an investigation into the disappearance of Mrs. Celia Stevenson, whose body was found yesterday in Niles Canyon, near Sunol. The discovery of the remains just at the time when charges were being made by Mrs. Matilda Deasy, mother of the dead woman, that she had been precluded upon by George S. Stevenson, and his wife, caused Judge Graham to request an investigation by the district attorney.

Stevenson, who is a well-known contractor, and his wife were given a deed to real estate at 552 Broadway street valued at \$5000. Mrs. Deasy claimed that she had been induced to sign over the property at a time when she was irresponsible. At one hearing her daughter corroborated her statement. The latter then left for Sunol to visit her niece, Mrs. Virginia Champion, but never reached her destination.

Judge Graham intimated strongly at the last calling of the case 10 days ago that something was radically wrong, and the discovery of Mrs. Stevenson's body with the apparent conclusion that she died of natural causes but adds to the peculiar circumstances of the affair. Mrs. Stevenson was one of the heirs at law in the estate of the late Matilda A. Quinn of Oakland. The estate was involved in considerable litigation in the local courts, as some of the heirs contested the will on the ground that Mrs. Quinn had been unduly influenced by Mrs. Matilda G. Deasy, formerly Mrs. Matilda G. Burrows. Mrs. Quinn died March 3, 1912, at the age of 70 years, leaving an estate valued at \$25,000. Mrs. Stevenson was a niece of the deceased and the other heirs at law were Mrs. Matilda G. Deasy, Catherine Harkins, Matilda Harkins, C. H. Taylor, E. F. Taylor, J. E. Taylor, E. F. McKenna, C. L. Harkins, J. H. McKenna, Dion McFadden and Ala. Ethel, Raymond and Edward McFadden. The disappearance of Mrs. Stevenson was reported to the San Francisco police on July 4 of this year by Mrs. Deasy.

CLUB GIVES DANCE.
Under the direction of the mothers' club of the Lafayette school of this city the second of the series of dances will be given this evening in the armory. Eleven and Market streets. The assemblies, which were instituted several seasons ago, have proved very popular. They have been attended by high school boys and girls. Mrs. J. E. Spencer, past president of the Mothers' club of the Lafayette school, will act as chairman of the evening. Sixty will be assisted by the members of the club.

MARRIAGE LICENSE ISSUED.
RICHMOND, Aug. 28.—A marriage license was issued in Oakland yesterday to Daniel Donnelly and Miss Josephine Henry, the latter of this city. Miss Heagerty has a host of friends in this city who are waiting to receive her upon her return home. Donnelly was employed by the Irwin & Lewis Lumber company.

Crocker Eclipse Expedition Expected to Make Observations at Kiev.

UNIVERSITY OF CALIFORNIA, Aug. 28.—It is feared here that the unexpected complication in Europe will probably cause difficulty for the Crocker Eclipse Expedition from the university which is making a scientific observation of a total eclipse of the sun at Kiev in the heart of Russia. The expedition is under the direction of W. W. Campbell, director of the Lick Observatory and Professor of Astronomy in the University and Astronomer H. D. Curtis, Regent William H. Crocker financed the expedition which carries an equipment valued at \$20,000. Although Director Campbell expected to return on October 21, the expedition will have difficulty in reaching a neutral port with its cumbersome equipment.

MISS CARMEN GHIRARDELLI, WHO LEFT FOR THE EAST TODAY.—Webster photo.

At the Blanding-Goodrich wedding yesterday the bride carried no flowers. Everyone is wondering if it is really a new fashion, and if the floral elaborations brides usually carry are becoming passe. But it might have been merely the bride's idea. She is an unusually clever girl with an interesting distaste for display, considering the Blandings millions, and she may have just personally dispensed with a bridal bouquet as she did with bridesmaids.

Brides still carry flowers in New York. But a recent bride in London was a girl, graceful and young, who carried no flowers. The only flowers were a small knot of orange blossoms at her girdle. None on the cap of her veil. She was an important bride, Lady Rachel Stuart-Wortley, who married a Mr. Mark Sturgis, so it may be the latest English fashion Mrs. Goodrich followed.

Incidentally the Stuart-Wortley-Sturgis bridesmaids are almost lost in the picture behind the huge bunches of roses they hold, possibly making up for the bride's deficiency.

At another English wedding of the summer, that of Miss Regina De Bettencourt, from Chile, to the young Earl of Lishorne the bride held a great bunch of St. Joseph lilies, at least four dozen of them, but she was a tall Diana type who looked quite equal to the men. There have been dainty Dresden shepherdess brides who seemed overwhelmed by the burden of their bouquets.

The de Bettencourt bridesmaids' bouquets were also enormous dozens of roses, with very long streamers of smilax instead of tulle, that might be a suggestion for some of the fall weddings.

FAREWELL LUNCHEON.
Mrs. Joseph Ghirardelli was the charming hostess at a farewell luncheon yesterday at her home in Newton avenue, in honor of her mother-in-law, Mrs. Thomas Watson Cushing, who with Mr. Cushing, and Miss Carmen Ghirardelli, left today for the East.

It was an informal affair the guests including members of the family and a few others. Among them were Mrs. Louis Ghirardelli, Mrs. Elizabeth Barstow, Mrs. John Hunter, Miss Carmen Ghirardelli and Mrs. Domingo Ghirardelli of San Francisco.

There was a merry group of friends at the train this afternoon to wish the travelers bon voyage. They will be absent five or six months, spending the winter in Florida and Miss Ghirardelli will be sadly missed in the younger set.

AT ROSE CREST.
Mrs. W. G. Henshaw arrived from Santa Barbara last night for a brief stay at "Rose Crest," her Oakland home. She will return south on Sunday. The reception to be given at "Mira Vista" on September 6 will be an elaborate and beautiful affair for which several hundred invitations have been sent out.

Mr. and Mrs. Tyler Henshaw have deferred their trip to Portland and Seattle until after the first of September and may decide to go first to Santa Barbara to be present at the reception.

ENTERTAINERS AT BRIDGE.
Mrs. Sidney Wilbur Smith gave a large bridge party yesterday afternoon at her home in Vermont street, in honor of Mrs. Charles Hampton and Miss Madeline Hampton of Marquette, and Miss Virginia Goodsell of Los Angeles, who is visiting her sister, Mrs. Charles Cannon in Berkeley. The guests included both Oakland and Berkeley friends of the hostess, and among them were Mrs. H. C. Capwell, Mrs. George W. Chambers, Miss Frank Mott, Mrs. George W. Emmons, Mrs. Frank Parcella, Mrs. Ira Breedlove, Mrs. J. P. Garlick, Mrs. Bert Hubbard, Mrs. Henry W. Taylor, Mrs. Maynard Wright, Mrs. Charles Cannon, Mrs. A. J. Schneider, Mrs. Myron Bush, Mrs. James Wiggins, Mrs. George Moore, Mrs. Robert Hopkins, Mrs. Moore, Mrs. Belcher, Mrs. Goodsell of Los Angeles, Mrs. Benjamin Macdougall, Mrs. Cline Bull, Mrs. J. R. IN SIBERIA.
News has been received from Newton Both Knox who was in Siberia when war was declared, planning to go to London by way of St. Petersburg. Instead he will sail from the Orient for San Francisco and visit his relatives, Mr. and Mrs. W. F. Knox and Mrs. Elsie Knox.

GIVE UP EASTERN TRIP.
Mrs. Smith Crowder and Miss Anne Elizabeth Crowder have given up plans for their eastern trip and Miss Crowder will return to her home in Berkeley for a post graduate course. She was to have spent the coming year at school in the east with her friends, Miss Lorna Wilbur, who has also intended to study in the east, will remain in Piedmont.

RETURN TO SCHOOL.
Miss Ida Henshaw will return Wednesday to the convent of Notre Dame in San Francisco and will also attend school. Her sister, Miss Dorothy Weston, will leave the same day for the north to resume her studies at school in Seattle. Both of these attractive belles of the school set were bridesmaids for their sister, the former Miss Pearl Weston at her wedding to William Fulmore in June.

FANCY DRESS PARTY.
Miss Winona Clark is planning a masquerade dance to be given at the Clark residence early in September at her home in Claremont Manor. About forty of the younger set will be entertained.

HOME WEDDING.
The wedding of Miss Marian Gay and Deming Gerow MacClise will be a pretty affair at the bride's home in Sacramento on September 22. It will be a quiet and white wedding, the color scheme to be carried out in decorations and bridesmaids' costumes. Miss Mary Van Maran will be maid of honor and the bridesmaids will be Miss Margaret Amos and Miss Helen MacClise of Oakland. Frank Rock of Oakland will be best man. The groom is the son of Mr. and Mrs. James MacClise of Vernon Heights. He is a graduate of the University of California and is at present in training on the Italian coast.

DANCE AT CLOYNE COURT.
A number of invitations have been sent out for the dance to be given this evening at Cloyne Court, Berkeley. It will be an informal affair at which members of the younger set of Berkeley and the surrounding country will be entertained.

ENGAGED GIRLS FETED.
Miss Mabel Thomas and Miss Fong Van Hagen, two of the season's brides-elect, were guests of honor at a bride party given yesterday afternoon by Miss Rose Barker and Miss Antonette Dye, at the

HID WIFE IN A GARRET, CHARGE

Former Cashier, in Divorce Action, Says Hubby Was Ashamed of Her.

SAN FRANCISCO, Aug. 28.—A woman, former department store cashier, who was sued last week by Albert W. Sison, son of William Sison, wealthy mining man, 2186 Vallejo street, filed an answer and cross-complaint yesterday, denying the charges of extreme cruelty alleged and making similar charges against her youthful husband.

Mrs. Sison denies that she ever importuned her husband for expensive jewelry or that she refused to cook his meals, but says she did refuse to go out and work as a servant girl, as her husband suggested.

Mrs. Sison declares that her husband, after he had informed his parents of their secret wedding, took her to his father's home, where she was hidden away in a garret and the only entertainment ever accorded her was the privilege of reading aloud to her mother-in-law.

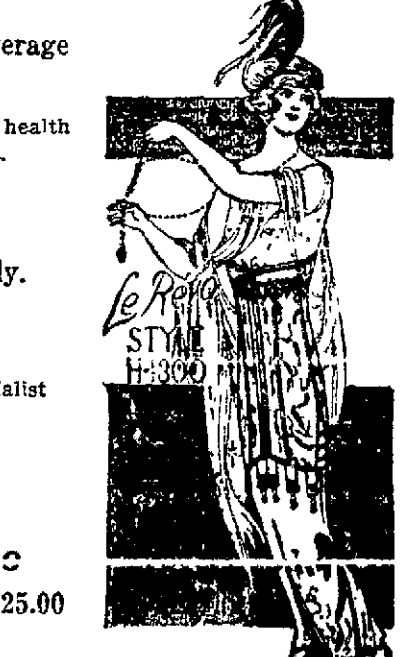

Meantime, her husband, she says, was attending dances and theaters and continuing to associate with his mother and sister because she lacked culture and poise. Whenever any of the family's aristocratic friends called, she was either hidden away in the garret or else these people were told that she was a dressmaker who had come in to do some work.

She asks for \$50 a month alimony.

FUGITIVE CAUGHT AFTER LONG HUNT

Nathan Billett Is Arrested in
Washington for Rich-
mond Crime.

RICHMOND, Aug. 28.—Inspector
Virell A. Phillips of the local police de-
partment left yesterday afternoon for
Spokane county, Washington, to return
to this city Nathan Billett, wanted here
on a combination of charges and who has
been a fugitive from justice for several
months. Billett is charged with embezzling
funds from an Oakland sewing
machine agency and later with kid-
naping his ten-year-old son. His wife,
who resides here at Sixth and Nevins
streets, informed the police and asked
that he be brought back. The local po-
lice department sent out pictures of the
father and son, with Bertillon measure-
ments of the former and a wire was re-
ceived yesterday from Sheriff George
Stone to the effect that Billett, with the
boy, was in custody.

Billett was local agent for a sewing
machine concern. Previous to that he
conducted a small grocery business in
partnership with L. Head. After the
dissolution of the partnership Billett sold
sewing machines.

Billett and his wife separated and it
was agreed that Mrs. Billett should keep
their son, an only child.

Simultaneous with the discovery that
Billett had sold a number of machines
on which he had acquired substantial de-
posits, it is charged, the Billett and
mysteriously disappeared from his home.
Later his mother received word from him
to the effect that his father had en-
tered him away. The boy is about 10
years old. The police were notified and
a country-wide search for the father and
son was made.

FLOUR GOES UP.
RICHMOND, Aug. 28.—Flour took a
jump here yesterday of ten cents per
fifty pound sack causing a great flurry
among the housewives, many of whom
telephoned and called in a big supply in
anticipation of another raise in the very
near future. Local grocers assert that
they are daily expecting sugar to soar to
\$7.50 per sack. Since the federal in-
vestigation commenced it dropped fifty
cents per 100 pounds.

PHYSICIAN WILL PAY FOR MISHAP

Doctor Abbott, Who Killed
Cashier With Auto, Gives
Widow \$2500.

RICHMOND, Aug. 28.—In judgment by
stipulation entered with the county clerk,
Mrs. Mabel L. Chambers accepts \$2500
from Dr. U. S. Abbott in the action for
damages instituted by her against the
Richmond physician for the death of her
husband, Louis T. Chambers, which, it is
alleged, was caused by the medico run-
ning over him with an automobile about
a year ago.

Chambers was cashier for the Santa Fe
Railway at the office on the corner of
Ashland and Richmond avenues. It was
at the noon hour and as the physician
turned the sharp curve he struck Cham-
bers, who died shortly afterwards.

A. A. Moore and Stanley Moore were
the attorneys for the widow, while C. C.
Dutton and T. H. De Lap appeared for
Dr. U. S. Abbott.

**RICHMOND CLUB NAMES
WOMEN ON DIRECTORATE**
RICHMOND, Aug. 28.—A meeting of
the board of directors of the Richmond
Club, the women's social organization of
the city, was held yesterday afternoon
at the home of Mrs. C. S. Gibson. Two
appointments were made to fill the vac-
ancies left by the withdrawal of Mrs.
Frank Fall, who is now residing at Sac-
ramento.

Mrs. Fred Schram, a director of the
club, was appointed to the office of re-
cording secretary for the board, and Mrs.
C. Horner, on the directorate.

The directors discussed plans for the
first meeting of the club, to be held next
Monday afternoon, and also made ar-
rangements for the bazaar, which will
formally open the new clubhouse on the
24 of October.

FIVE FIGHTS ON UNTIL NOVEMBER

Primary Leaves Contra Costa
With Little Excitement for
General Election.

RICHMOND, Aug. 28.—As the smoke
drifts from the political battle of Tuesday
five more approaching battles appear upon
the horizon, which will remain unsettled
until the general election on Novem-
ber 3.

The fight for the district attorneyship
promises to occupy as much attention as
any of the others. Thomas D. Johnston
and A. J. Soto will travel the route to
the end. Johnston has the edge, having
polls the largest vote of the three candi-
dates.

The battle for the superior judgeship
is confined to three candidates. The elec-
tion of Judge Lammie is conceded, this
leaving A. B. McKean, Leo P. Turner
and C. A. Clark to go to the end.

The surprise of Tuesday's election was
the vote Torney secured. He ran like
wildfire up the county, coming in the
lead for second place. This makes three
candidates for the extra judgeship.

Ralph A. Arnold and E. E. Grom man-
aged to nose out W. S. Farley, and con-
sequently will continue to travel until
November. The race between Arnold
and Grom was extremely close, and which
of these two will be the next county sur-
veyor is a serious problem to solve.

William R. Sharkey, who was favored
with the Republican and Progressive
nominations for Assemblyman, has Clare
D. Horner, the Democrat, as an opponent.
Sharkey's vote was expected by those
who were interested in the race with the
two party nominations. It is conceded by
all thinking people that he will carry the
day on November 3.

**RICHMOND CAMPAIGNS
FOR WATER DISTRICT**

RICHMOND, Aug. 28.—With the com-
ing water district election, the commis-
sioners have regarded the sentiment in
favor of their proposition to bring river
water here, which has developed within
the past few weeks of pressure confident
that the \$2,500,000 issue will carry.

Three favorable arguments have de-
veloped practically since the defeat of the
bonds in July. One is that the Standard
Oil and other industries are handicapped
by the lack of water, the second is that
the physicians of the county, assembled
in union, have unanimously declared that
the river water can be rendered suitable
for domestic use and third, and perhaps
most important, that the pressure in the
annexed district is inadequate to meet
the fire demands.

The action of the physicians was taken
last week, and the resolution adopted
by them endorsing the project was the
agent that put to silence the majority
of the remaining opposition. The doctors
declared their belief that with the proper
bacteriological and chemical treatment
the water could be rendered entirely
free from impurities.

The several fires in the Pullman dis-
trict within the past three weeks, accord-
ing to Fire Chief La Moine have been
manifestations of lack of pressure due to
the low condition of the wells. In event
of a big fire, La Moine has explained
to the council, the Pullman Water Com-
pany will shut down their plant at Berke-
ley station in Berkeley, and apply more
force at the San Pablo pumps. This it
is argued by the fire chief and others,
would not only be an injustice to Berke-
ley, which city is also hampered in the
hill districts by lack of pressure, but
would be a slow method to depend on in
event of a sudden conflagration.

**HIGH SCHOOL STUDENTS
HOLD FRESHMAN DANCE**

RICHMOND, Aug. 28.—Tonight will be
a night of nights for the high school stu-
dents. The occasion will be the annual
reception to the freshmen, and will be
in the form of a dance.

President Angell of the student body
had a delegation of upper classmen en-
gaged yesterday in converting the gym-
nasium, where the dance will be held,
into a bower of bloom in preparation for
the event. The floor has been especially
prepared for the reception dance. Ar-
rangements for the reception are in the
hands of the several committees named
by the president.

The committee for the evening is head-
ed by Chester McCallister, who is aided
in the work by Phil Angell and Clarence
Brown.

UNDERGOES OPERATION.

Charles R. Blade performed an opera-
tion upon the heart of the late C. R.
Donnelly, local representative of the San
Francisco-Terminal Railway. The boy
had been suffering for some time from
a nasal growth. It is believed he suf-
fered an injury in a football game. Re-
ports from the hospital are that his condi-
tion is very favorable.

ADVANCE OF MEAT PRICES IS SHOWN

Figures Give Increase Paid
Producers During Month
as 3 Per Cent.

WASHINGTON, Aug. 28.—Prices
paid to producers for meat animals
during the month from July 15 to
August 15 advanced 3 per cent, com-
pared with an average advance during
the same period for four years of
eight-tenths of 1 per cent.

Figures made public last night by
the department of agriculture showed
that on August 15 the price to pro-
ducers for beef cattle, calves, hogs,
sheep, lambs and chickens averaged
\$7.63 a hundred, against \$7.20 the
same day last year, \$6.56 two years
ago, \$5.57 three years ago and \$6.87
four years ago.

Some of the increases in detail fol-
low:

AMERICAN YEOMEN HOLD MUSICAL ENTERTAINMENT

RICHMOND, Aug. 28.—The Brother-
hood of American Yeomen held last even-
ing in Pythian Castle a unique pro-
gram.

A committee consisting of Mrs. Edith
Bryant, Mrs. Leta House, Mrs. Pearl
Olds, A. L. Pearson and Chandler Wil-
liams had arranged the evening's en-
tertainment. There was a musical pro-
gram, games and dancing. The pro-
gram follows: Mrs. Maxwell, pi-
ano solo; recitation, Roy Bryant; duet,
Harriet and Gladys House; recitation, by
Mrs. Pierson, Mrs. James, Mrs. Moyle,
Mrs. Richards and C. Williams. Miss
Bernice B. won the girls' race; Miss
Harry Bonham won the boys' race; Bert
Bryant and Curtis Patterson, won the
three legged race; young ladies' race,
Gladys Pierson; ball driving contest Mrs.
Miller.

BRIDE TENDERED SHOWER.

RICHMOND, Aug. 28.—In honor of
Miss Ella Templeton, who has been
staying at her home for many months
and who is soon to become the bride
of Patrolman Fred Elmerman, Mrs. E.
L. Van Dorster held a shower at her
home last night. The place at 722 Ber-
rett avenue was beautifully decorated
with flowers and ferns.

Miss Templeton will be married to Mr.
Elmerman on next Tuesday evening.
Cards were played during the evening
and numerous games were enjoyed and
the congratulations of the festivities a
supper was served.

Those who attended were: Dr. Mar-
garet Delinger, Misses Madeline Fer-
rier, Molly House, May Curry, Amanda
Stratton, George Lowry, Alva Stand-
ford, Mary Smith, C. and Lucy Dick-
son, Adele Whitfield, Hazel Whitehead
and Meta Lusk.

ELKS TO CONDUCT FUNERAL.
RICHMOND, Aug. 28.—Richmond
Lodge of Elks will have charge of the
funeral of the late Frank E. Adams,
which will be held on the lodge stage
at the corner of Tenth street and Mac-
donald avenue next Saturday afternoon
at 1:30 o'clock.

Mr. Adams was a member of both the
Moose and Elk lodges, but as he had
just joined the Moose and was an old
time member of the other order, the
Moose sent word that they would do
everything in their power to lighten the
burden of the widow.

The funeral promises to be one of the
largest ever held in this city and al-
ready numerous friends are preparing
the remains will be cremated in
Oakland.

UPPER FRUITVALE CLUBS CAMPAIGN FOR LIBRARY

FRUITVALE, Aug. 28.—A fight to ob-
tain a public library for Upper Fruitvale
will be waged by the Fruitvale Women's
Improvement Club at its meeting Sep-
tember 5. The club established and kept
up a library for nearly a year, paying all
expenses.

The city council gave the residents to
understand that it would institute a
branch library in Upper Fruitvale in Oc-
tober, relieving the improvement club
members of the burden of running a
library.

The council decided to reduce the ap-
propriations this year by \$6000, and no
appropriation may be had for a library.
The improvement club, however, is bent
on making a strong effort to secure one
and action will be taken at the initial
meeting.

RICHMOND BUILDERS ACTIVE DURING WEEK

RICHMOND, Aug. 28.—A permit was is-
sued this week for the improvements to
be made on Bank Hall, the oldest lodge
meeting house in the city, by the owner,
D. H. Griffin, and the work was com-
menced yesterday by a corps of car-
penters. Griffins will improve the place,
converting it from a lodge headquarters
into an office building. Several prominent
professional men, including doctors, den-
tists and lawyers have leased the offices.
The permit for the work was issued by
Building Inspector Wierda yesterday.

Other permits issued were as follows:
O. E. Ludewig for the erection of a sun
room to his dwelling at Ninth and Ber-
rett, to cost \$300.

Charles Kinkle, for the erection of a
one-story frame building on lot 5, block
115, south side of Roosevelt avenue, be-
tween Nineteenth and Twentieth streets.
Cost, \$100.

WORKMAN ESCAPES DEATH.

RICHMOND, Aug. 28.—M. Souza, em-
ployed on the Standard Oil Tank farm at
San Pablo, narrowly escaped instant
death Wednesday afternoon, while work-
ing on one of the enormous tanks be-
ing erected. While working at the base
of the tank he was struck a glancing
blow on the head by a large piece of
cast iron pipe. Fellow workmen saw the
pipe fall and shouted to Souza. He es-
caped with a severe laceration of the
scalp, neck and left ear and was rushed
unconscious to the Emergency Hospital.

LIFT BAN AGAINST MODERN DANCES

Senior Co-eds Take Action at Weekly "Singing" and Adopt Resolutions.

UNIVERSITY OF CALIFORNIA, Aug. 28.—There is great grief and rejoicing from corner to corner of the varsity campus this morning. The senior women have lifted the ban against progressive dances from now on the hesitation and the one-step, the tango and the rest of their sort may be danced all the college days and nights.

The action was taken by the senior women at their weekly "singing" last night. The music was controlled by the student committee of censorship.

Last year the senior women early in the season voted a body of new dances were not to be tolerated. They classed the hesitation and the one-step, the tango and the rest of their sort as "modern dances." The action was taken by the senior women at their weekly "singing" last night.

MEETS WITH APPROVAL. The action was taken by the senior women at their weekly "singing" last night. The music was controlled by the student committee of censorship.

AFTER DUE CONSIDERATION. The action was taken by the senior women at their weekly "singing" last night. The music was controlled by the student committee of censorship.

Mothers Tell of Mother's Friend

Experience is or should be our best teacher. Women who have obeyed the highest and noblest of all sacrifices, the struggle for the life of others, should have a better idea of the value of life than those who theorize from observation.

At any rate when a prospective grandmother urges her daughter to do as she did—to use "Mother's Friend," there is ample reason to believe it the right kind of advice.

Its purpose is to furnish plenty to the mother, to take away the strain on the nerves and tendons so apt to be caused by the strain of the day.

MAN WHO FAILED IN 'MATH' IS HONORED BY UNIVERSITY

UNIVERSITY OF CALIFORNIA, Aug. 28.—Because he couldn't—or wouldn't—get through his courses in mathematics, Frank Norris, the novelist, never won a degree from the University of California. After four years at Berkeley he went away in 1894 and began to write those famous novels of his, "McTeague," "Blix," "The Octopus," "The Pit" and the rest of them.

Now a group of his college comrades have set up in the Greek Theater a memorial to the brilliant California novelist—a massive chair, carved in Italy in Carrara marble, from designs which the Florence sculptor modeled on an ancient Roman original, and on the white stone these words have been inscribed:

"The Honesty, the Bravery, the Faith of Frank Norris All Live in His Work."

KID STEELE HUNG POPPY PUNCH ON JAW OF WILLIE RITCHIE

The thud of glove on naked body is being heard in a score of gymnasiums on this side of the bay where ambitious youngsters with eyes to ring laurels are preparing for the Wheelmen's short bout card next Tuesday evening in Piedmont Pavilion.

This Kid Steele who fights Zucharek in one of the main events, is the same little lad who claims a knockout victory over Willie Ritchie when the latter was preparing for an amateur. Frankie Edwards thinks that Steele has the making of a wonderful light weight. He can hit very hard. He lost interest in the sport a year or two ago, and has only recently made up his mind to try and get started again. Zucharek is another tough little youngster. He has been in the gymnasium since and stout-hearted. He will box as an amateur three more bouts and then turn professional. All the other boxers are training hard.

EXPOSITION FIRE- MEN IN PROGRAM

Thrilling Display Given to the Assembled Chiefs of Western Cities.

A most thrilling program was staged at the Panama-Pacific International Exposition grounds today when Chief Murphy of the San Francisco fire department, sounded the alarm that brought out the entire exposition fire department, equipped by their city fire companies in the vicinity, to give a demonstration of the latest fire fighting apparatus before the assembled fire chiefs of the West.

Jumping into life nets from the top of the tower, sliding down life lines and the use of the Pompaire, which was among the events of the program. From the top of the tower of Jewels a great stream of water was forced into the air at a height of 435 feet and a demonstration was given of the ease with which in the event of the tower being threatened by fire the entire structure can be enveloped with water.

May Wheat Declines After High Quotation

CHICAGO, Aug. 23.—First trades in wheat here today set the price 3/4 to 2 1/2 under yesterday's close. May wheat opened with sales ranging from 115 1/2 to 1 1/2, and dropped unchecked to 1 1/2 1/2 as compared with the top price of 1 1/2 held for a moment yesterday. The decline was based on small profit taking sales.

AUTO BANDITS OBTAIN \$500 IN MIDNIGHT RAID

SAN FRANCISCO, Aug. 23.—In the fifth raid by automobile bandits in San Mateo county during the last four months, the Central Hotel bar at South San Francisco was held up by two masked men shortly before midnight last night. After gathering together cash and other valuables worth about \$500, the robbers sprang into a waiting touring car and escaped.

With their features hidden beneath bandana handkerchiefs, the bandits entered the front door of the bar with revolvers leveled and compelled half a dozen patrons to line up against the wall. After securing about \$80 from these victims, the robbers turned to the proprietor, Peter Talla, and compelled him to open the safe. From this they took \$200 in cash and a bundle of papers, said to be of little value to anyone except Talla.

SUSPECTED MURDERER ELUDES CAPTURE

RENO, Aug. 23.—No trace has been found of the slayer of John Krutzler, who was killed while riding home with his wife, Miss Mildred Lyons. The inquiry has been postponed until next week when the body of Krutzler was shipped to Medford, Ore., at the request of his father. Krutzler had a sister in Sacramento, Mrs. Mary Dwyer, 2011 J street.

LOSES COIN IN BARBARY COAST; \$405 RETURNED

SAN FRANCISCO, Aug. 23.—It has never happened before and it may never happen again, but the fact remains that \$405 was overlooked in the Barbary Coast region and the money was restored to its rightful owner by the police after being missing for several hours. It was only due to the fact that the sack of coin fell into the hands of Joe May, one of the proprietors of the saloon at 1853 Kearny street, that led to its restoration.

AUTO MOVES GARAGE TO NEIGHBOR'S LOT

POMONA, Aug. 23.—When Thomas Harrison arrived home from his office yesterday afternoon he was startled to see that his garage was reposing peacefully on his neighbor's lot.

Closer investigation showed that the garage contained his automobile. Then, as the wordtruck Harrison climbed into his house he encountered the neighbor, John Berrymore, who is living at the Harrison home.

To Be Flower Girl To Be Social Bow

VERA JONES. —McLaughlin photo.

At the wedding of Kathleen Jones and Urvue Lavenport Adams, proxy, Vera Jones will act as flower girl. Upon that occasion Vera will make her initial bow to society. She is a very attractive brunette.

During the winter season many informal parties will be given by the little folks.

CRACK SWIMMERS TO ENTER RACES

Big Meet of Playground Department to Be Held Tomorrow.

The youthful swimmers of the Oakland playgrounds are awaiting the crack of the pistol which will start the races in the second annual swimming meet of the playground department to be held in Surf Beach park, Alameda, tomorrow. The events will begin at 2 p. m. and besides the swimming events, there will be a diving contest and a contest for all-around individual aquatic champion. The some fast performers are look nup, although the Oakland swimmers, used for somewhat of a disadvantage, are not having a swimming bath in a pool, but are swimming in the open water.

SELF-GOVERNMENT RULES ARE ADOPTED

According to the rules established by the self-government committee of the Oakland High School, there will be no screaming, shouting or any objectionable noise in the halls of the Oakland High School. The "assistant" self-government committee, which is composed of boys and girls elected from the upper classes, consists of Walter Burns, who succeeds Charles Adams, Helen Roeth, Ethel Brinkerhoff, Virginia Gordon, Gordon Boyce, John Black and Richard Ciesler. The regular self-government committee is headed by Ralph MacIntyre, Margaret Leach, girls' chairman; Erna Patern secretary; Beatrice Swan, Helen MacIntyre, Josephine Hughes, William Bannan, Harold Peterson, chairman; Robert Mc-

PRESCOTT SCHOOL BOYS WILL ENJOY "HIKE"

A party of boys from the seventh and eighth grades of the Prescott School will leave this afternoon for a three-day hiking trip to Marin county. The party, which will take the party to Mill Woods, where they will camp for the night. Tomorrow the party will travel to Willow Camp by way of the Lone Pine road, and will spend the greater part of the day on the beach there. Swimming in the ocean will be the greatest attraction of this day's program, the shore at Willow Camp having a shallow and gradual slope that eliminates the danger of an undertow, and makes the spot ideal for ocean sport bathing.

JOURNALISTS OF HIGH SCHOOL ARE ACTIVE

The youthful journalists of the Oakland high school have commenced to work and they are now busy engaged in recording the events of the Oakland high school in the Weekly Aegis, the official periodical of the school. The editorial staff of the Weekly Aegis is as follows: Walter L. Burns, editor and manager; Harrison Ryker, assistant; Andrew Harrison, Dorothy Rodina, Harold Erickson, Allison Stone, associate editors; R. Roeth, Clara Monson, Robert Adams, Edward Leonard, William R. Davis, Margaret Martin, Ernest Patern and Elwyn Hughes, reporters; Horace Breed, Lester Cutting and George Grant, business staff; Albert Edberson, staff cartoonist.

ADDITIONAL SPORTS

Tennant's Triple Breaks Up Game

Oakland and Sacramento played a double-header on the local grounds, Sacramento winning the first game 3-2 in twelve innings and Ables shutting out the visitors 2-0 in the second contest, which by agreement went only seven innings. Killian relieved Prough in the eighth inning and Gregory took up the burden in the eleventh. With two gone in the twelfth, Shinn doubled to center and a moment later Tennant tripled to the right field fence. The scores: First game—SACRAMENTO. AB. R. BH. SR. PO. A. E. LOSES LIFE THROUGH SQUAWKING OF GOOSE

NEW YORK, Aug. 23.—Through the squawking of a goose Mrs. Jane Miller, wife of the caretaker on the estate of E. Percy Smith, at Woodcliff Lake, N. J., lost her life.

Mrs. Miller drove with two persons from the Smith estate to the railroad station of Woodcliff Lake. Her passengers were coming to New York City on the 3 o'clock train. The station is in the center of the reservoir lake, which feeds Hackensack and several other cities. To the station a raised road runs in its center through the entire length of the lake.

Mrs. Miller left her passengers at the railroad station and picked up a crate containing a white goose that had been sent to the Smith estate. She put the goose in the rear of the carriage and no sooner had she started back into the west along the raised road than the goose began squawking. Its shrill cries and honking alarmed the spirited horse.

The animal took the bit in his teeth and bolted straight down the road. For nearly a mile he ran, and then, shying at some shadow, bolted to one side and dragged the wagon and all with him into the water.

Mrs. Miller's screams were heard by Richard and James Degroot of Park Ridge, who were taking from the pond about a hundred feet away. The two men ran to the place. Neither of them could swim.

The frightened animal was on the board and reached the woman. They were unable to do so. She sank within ten minutes.

PAWN THEIR "CRACKED ICE" IN SUMMER TIME

NEW YORK, Aug. 23.—Broadway, near Forty-second street, always in July, is known as "Hocking Valley." You see, most of the actors and actresses have been out of work for a few weeks, and during the month of July it is a case of all going out and nothing coming in, with the result that they are "hocking their cracked ice."

Diamonds are the savings banks of all Broadway talent, and they are the next best thing to real money when their out-owners are broke. Nearly every theatrical person has a hard pan in July. They may need only a few hundred beans to tide them over until August and then they can easy to slip off a ring or stickpin and get the kale from "uncle" that they are visiting "Hocking Valley."

HOLD STANFORD LUNCHEON

The regular Stanford luncheon will be held on Tuesday, September 1, at the Press Club, Sutter and Powell streets, San Francisco. So successful have these alumni luncheons proved that they will be continued through the season.

FILM FANS HAPPYCrowd Takes Part in Dedic-
ation Show at New Photo
Playhouse.Disclosure that the new Franklin
theater was "thrown open" to film
fans last night doesn't get anywhere
with the story of what happened. To
those not present it doesn't suggest
that there were dedication features
throughout the evening, among
which photo plays were apparently
incidental.The audience for audience it must
be called in picture theater in which
music figures so prominently as at the
Franklin—was a success. That means
it was more than enough to fill the
spacious concrete theater, apprecia-
tive in proportion and ready to take
part in the ceremonies. As there
were exercises with speech-making
pleasantly absenting the noiseless seating of the large
crowd by quick-footed ushers, the
words "Welcome to the Franklin"
were thrown on the screen. The
hand-clapping, the ten-piece orchestra
broke forth in soft strains, and the
house arose to the tune of "The
Star-Spangled Banner."The first picture shown on the
screen of the new playhouse was
that of a dog. Trying it on the dog
is no original proceeding, figurative-
ly, but this was a literal jest, of
which the dog and not the audience
was the object. The dog took a
good-natured. There were other
comic Selig films for curtain-raiser,
an educational Pathe, and then more
exercises.

ORGAN RECITAL ENJOYED.

Edgar Rayless, director of the or-
chestra and organist, received as
much appreciation for his recital on
the large pipe instrument as the at-
tractions of the screen. He rendered
"Andantino," "The Rosary,"
"Humoresque" and old-time melo-
dies with artistry which met with
loud applause. An encore number
was demanded and graciously
granted.Later a medley of patriotic airs
was rendered by the orchestra and
the audience again stood. Then
more hand-clapping for Bayless and
his clever performers and the new
Franklin was a merry night.
There were flowers in stacks around
the entrance and everything had a
gala appearance. "Spartacus" was
the main film of the evening.
The Franklin pipe organ reaches
to the roof on both sides of the
screen and the interior of the big
concrete theater suggests a large con-
crete hall. It is equipped with cel-
ing lights, the wall and ceiling de-
corations are of a light colored and
pleasing type, the floor inclined so
that every spectator has a clear view
of the entire screen, the aisles are
softly carpeted, the ventilation is
modernly perfect, and the auditor-
ium is of such length that there is
not a large number of seats near the
screen. The Franklin is what the
press agent would insist upon call-
ing "the last word" in movieland
playhouses.GIRL SWIMMER HURT.
HIT BY SURFBOARDLONG BEACH, Aug. 28.—Miss Grace
Hamilton, 17-year-old daughter of Mr.
and Mrs. G. N. Hamilton of Claremont,
a senior in the high school of that city,
was seriously and possibly fatally injured
when a surfboard came riding struck
her, inflicting severe bruises and internal
injuries.The young woman's father was watch-
ing his daughter when the accident oc-
curred. He rushed to her rescue, carry-
ing the unconscious girl to the sand,
where an ambulance was summoned.
Dr. Ralph L. Taylor said the condition
of his patient was critical. The young
woman and her parents recently came
to the beach from Claremont today.
The girl has been swimming
and the second time she has been swim-

BY HANDFULSAlso Had Itching Burning Scalp.
Hair Thin, Dry and Lifeless. Could
Not Sleep on Account of Itching. Cuti-
cure Soap and Ointment Healed.Kalamazoo, Mich.—"My hair began
falling out about five years ago and I
also had itching and burning of the
scalp. My hair fell out by
handfuls and it was thin, dry
and lifeless. I could not
sleep well on account of the
itching. My hair became so
thin I commenced using
"Cuti-cure" and ointment until I
had lost so much hair there
was not enough remaining
to cover the "rate."I used also quantities of
and which did not relieve the torture
which at times was almost unbearable.
Finally at night I was obliged to bathe
my head in soda water in order to get any
rest. I then tried Cuticura Soap and Oint-
ment, rubbing the Cuticura Ointment into
the scalp at night and washing it out in the
morning with Cuticura Soap. It was about
four weeks when I was entirely cured."
(Signed) Mrs. Henry Fisk, March 21, 1914.

The itching, burning, suffering and loss
of sleep of eczema, rashes, and irritations
of the skin and scalp are at once relieved
and permanent skin health restored in most
cases by warm baths with Cuticura Soap
followed by gentle applications of Cuticura
Ointment when all else fails. Cuticura Soap
(25c) and Cuticura Ointment (50c) are
sold everywhere. A single set is often
sent free. Liberal sample of each mailed
free, with 32-p Skin Book. Address post-

EFFECTS OF WARPrompt Precautionary Meas-
ures Adopted to Offset
Trade Influence.WASHINGTON, Aug. 28.—While
most South American republics have
suffered extensively from the influ-
ences of the European war on their
domestic finances, the government
of Chile has taken prompt precau-
tionary steps to reduce to the mini-
mum war's effects on its financial
and industrial conditions.
Official advices show that the
government by extending aid to the
banks afforded a moratorium. Itaided also the big saltpetre works
when they were unable to get funds
from Europe, preventing suspension
of work at the plants. The govern-
ment has obtained authority to un-
dertake public works to give occupa-
tion to many of the unemployed. Na-
tional expenses have been reduced
and tranquil and satisfactory condi-
tions have been maintained through-
out the country.In its trade with the United States,
Chile immediately recognized the ne-
cessity for maintaining a system of
exchange between New York and San-
tiago, and established, even be-
fore other South American coun-
tries, a direct exchange of credit
through two New York banks. In
that way it has been possible to
make deposits of gold for American
firms which needed money in Chile
to meet their obligations establish-
ing thus a direct exchange of credit
between the banks of Chile and those
of New York instead of London. The
government of Chile has been as-
sisting these new operations
wherever possible.CYCLONE HITS MINING

100 yards in width.
The twister carried a corrugated
iron roof from Oddie mountain to
a point near a foundry, where it
wrapped the iron around the wires

tightly that several hours were re-
quired to clear it. Many heavy ar-
ticles were hurled high in the air
and out over the desert by the
tornado.

FILED IN COURTMinnesota Lumber King's Es-
tate Estimated at \$100,-
000,000.LOS ANGELES, Aug. 28.—Bearing
the marks of the pronounced sim-
plicity which marked his habits while
alive, the will of Frederick Weyer-
haeuser, the famous Minnesota lum-
ber king, was filed in the Los Angeles
court yesterday, so that property
owned by him here can be distrib-
uted among the heirs.Although Weyerhaeuser is credited
with having owned property valued
at over \$100,000,000 the furnishings
of his Oak Knoll home in Pasadena
were valued yesterday at only \$3000.
The portion of the will which dis-
poses of the property comprises less
than fifty words and says simply that
all is left to Mrs. Weyerhaeuser, but
in case she should die before he did
then the property should be divided
share and share alike among his eight
children. Mrs. Weyerhaeuser died
before he did.The children who inherit range in
age from 48 to 55 years, and are John
P. Charles A. Rudolph M. Frederick
E. Mrs. Elise A. Hill, Mrs. Margaret
Jewett and Mrs. Appollonia Jewett.
All of whom, with the exception of
John P. Weyerhaeuser of Spokane,
live in the East.The will was originally filed in St.
Paul, Minn., where Weyerhaeuser
used to live.GARDEN FETE PLANNED
BY IMPROVEMENT CLUBThe Glenview Improvement club not
satisfied with having one of the finest
improvement clubs in the country
is reaching out still further with the idea
of establishing tennis courts and play-
ground.
For the next two months a committee
consisting of E. W. Shaw, Lawrence
Curt and Herbert Hauser have been
actively at work arranging for the
garden fete which will be held on the grounds
at Park Boulevard and Wellington
streets. The grounds have been outlined
with electric lights and many colored
flags, while booths are scattered here
and there.The festivities will start at 8 o'clock
Friday night with a dance in the club
house under the direction of J. J. Mc-
Namara, C. H. Adams and C. C. Cook.
L. S. Hawthorn will handle the ever
popular shooting gallery, while George
Lindner, E. G. McConer and Will D. In-
gram will take care of the country
store.

SUCCESSION CHURCH DINNER.

The dinner given at the First Epis-
talian church last Wednesday evening
marked the beginning of a series of
special functions arranged for the
People's Union for the last of the
first event. President Lawrence E.
Hobart introduced as toastmaster for
the evening Rev. William K.
Townsend, pastor of the church. Re-
sponses were made by William H.
Groak, M. K. Hager, Miss Ada
Luckett, Frank Weissmann and
President L. E. Hobart. Words of
farewell to Mr. and Mrs. Charles A.
Bader were made a special feature
of the toast. Mr. and Mrs. Bader
are leaving here to attend McMinne-
ville college to prepare themselves
for medical missions.

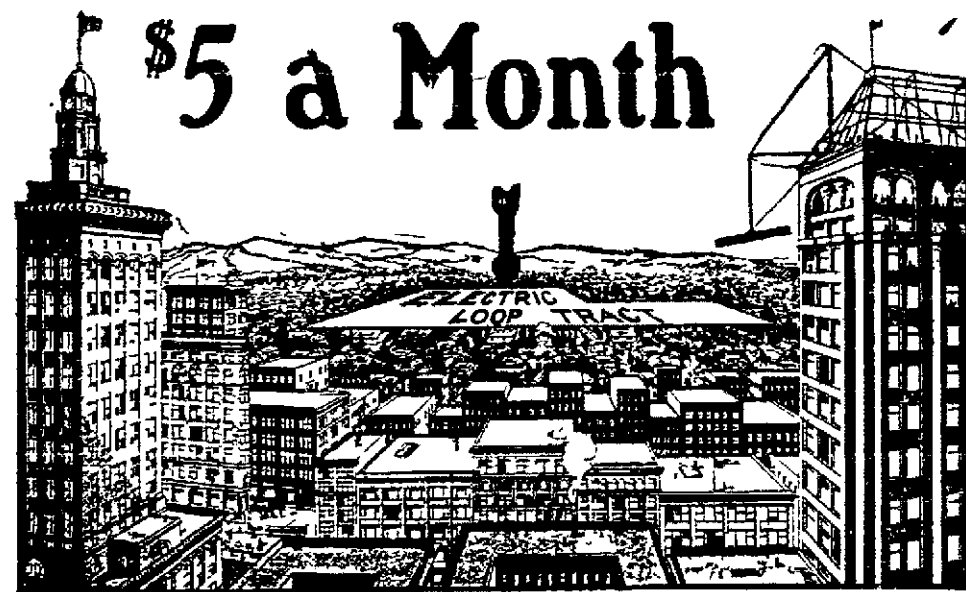

SEES OLD MOUNTAIN HOME.

Stephen T. Gage and C. C. Juster have
returned from a tour of the mountain
region from Placerville to Lake Tahoe
and the surrounding country. Gage had
a desire to go over that part of the state
life on the Pacific coast as a prospector
and miner. He found some of the old-
time companions of his youth still work-
ing among the canyons and on the hill-
sides and down in the placers, busy
with pick and shovel, and long tom and
cradle, washing out the yellow dust of
the past. As it is now a place where
are as enthusiastic as ever about the
great value of their claims, believing that
they are about to strike the bonanza
that seemed just a few feet away from
them 65 years ago.
